

**TERRIBLY HURT BY
BISCUIT MACHINE**

Charles Sidoti Met With Bad
Accident in Works of the
McCormick Mfg. Co.

ARM CAUGHT IN WHEELS

Physicians, Despite the Fact That
Member Is Mangled, Hope to
Save It.

Charles Sidoti, a young Italian who lives at 761 Dundas street, was terribly injured at the McCormick Biscuit Works shortly before noon today, by being drawn into a biscuit machine. No one seems to know just how the accident happened, but it is supposed that as there are a great many wheels about the machine that Sidoti's clothes caught.

His right arm was drawn in among the wheels, and terribly crushed and mangled. As quickly as possible he was extricated, and removed to Victoria Hospital in the city ambulance. It was found that the arm was injured terribly, but the physicians hope to save it. Sidoti suffered the most intense pain, as in addition to the arm being torn and lacerated, it had been crushed between the gear wheels.

**ANOTHER MASSACRE
AT BESSARABIA**

Lemberg, Russia, July 6.—The newspapers here report that a hundred Jews and landlords have been massacred in Bessarabia. The Jewish population is in a state of panic.

**PRINCE TELLS KING
"YOU'VE EATEN A SLUG"**

One Case Where Little Children
Should Have Been Heard as
Well as Men.

London, July 7.—This ancient but good story is now going the rounds of society.

At luncheon at Buckingham palace one of the young princes of Wales began, "Oh, grandpa," when the King interposed with some severity, "Little boys should not be heard, not heard, go on with your luncheon and don't talk."

Collapse of the small prince to whom presently the King, relenting, said:

"Well, now you can say what you were going to say." The prince retorted, "Too late, grandpa; too late." The King said, "Nonsense; if it was worth saying five minutes ago it is worth saying now."

The prince said firmly, "No, grandpa; there was an enormous slug in your salad and you've eaten him."

**BELGIANS FAVORITES
FOR GRAND CHALLENGE**

Henley, England, July 7.—The regatta for the grand challenge cup were rowed off here this afternoon, and the Club Nautique de Gand, of Belgium, and the Jesus College crew, of Cambridge, were left to contest in the final tomorrow. The Belgian rowers won today against the Jesus College crew, of Cambridge, in the time of 7 minutes 12 seconds, 7 seconds faster than the time of the heat in which Jesus College beat Leander. The Belgians are not favorites for the final.

**WILL GIVE AWAY
LAST OF HIS MILLIONS**

Chicago, July 7.—Daniel K. Pearsons, the "Sage of Elinadale," already famous for his munificent benefactions to the small colleges of this country, announced that he would devote the remainder of his his 90th year to distributing among the various educational and philanthropic institutions of this city his last million dollars.

This will round out the sum that he had always intended Chicago to have, and leave him relatively a poor man when he celebrates his 90th birthday on the 20th of next April. Mr. Pearsons declined last night to indicate what institution will benefit by the remainder of his large fortune.

For virtually a quarter of a century Mr. Pearsons has devoted the major portion of his attention to bestowing his money on public institutions, which he deemed worthy, and he has already given away considerably over \$4,000,000. His gift to Chicago will mark his retirement from the role of philanthropist, for he will have only enough to insure himself a comfortable old age.

CALL FOR MISSIONARIES

Japan's Native Workers Unable to
Overtake the Needs.

Toronto, July 7.—An earnest appeal comes from Japan to Rev. Dr. Sutherland for additional missionaries for that field. The native church has not resources either of men or of money sufficient to undertake the work that needs to be done. A resolution was adopted by one of the conferences of the Nippon Methodist Kyokwai lately earnestly asking the appointment of additional foreign evangelists, with the aid of native evangelists, could greatly extend the work, and reach the vast number of cities, towns and villages that have not yet been touched.

ST. KITTS HAS 'EM.

St. Catharines, July 7.—What was a brightly lighted airship or big balloon on the last night passed over this city shortly after 9 o'clock, being seen by quite a number of persons. Whether there was anybody on board or not could not be seen. The airship, which travelled at a rapid rate of speed, was going westward.

**HAY CROP BIG, BUT
NOT QUITE AS EXPECTED**

Has Not Matured as Well as
Some Farmers Would
Have Liked.

Farmers throughout the district are very busy taking in their hay crop, and from all reports it will not be as heavy as was at first expected. There will, however, be an excellent crop, but owing to the cold weather early in the spring and the heavy rains which occurred recently it has not matured as well as many farmers would have liked. The crops in general throughout the district around London are looking very well, and it is expected that there will be a record-breaking harvest. Fruit promises to be very abundant.

**1,000 MASONS
ARE EXPECTED**

When the Grand Lodge Con-
venes Here on July 20,
21 and 22.

ELECTION OF OFFICERS

Is Attracting Very Much Interest at
This Time—Judge MacWatt Will
Be Next Grand Master.

Final arrangements for the entertainment of the Grand Lodge of Masons to be convened here on July 20, 21 and 22, will be completed on Friday evening, when the committees meet.

Everything is in first-class order, and there will be little or no difficulty in properly entertaining the visiting brethren.

It is expected that fully 1,000 Masons will be in attendance.

At the present time a great deal of interest is being taken in the election of officers.

The grand master's chair will be occupied by V. Wor. Bro. Judge D. MacWatt, of Sarnia, the present deputy grand master.

M. Wor. Bro. A. T. Freed, of Hamilton, is the present incumbent of the office, but his term expires with the convening of Grand Lodge this month. Bro. Freed has served his term with distinction, and has made himself most popular with the brethren.

Next Grand Master.

Judge MacWatt, who will succeed him, is well known among Masons, and has held other offices of influence in the Masonic fraternity. That he is well qualified for the place goes without saying.

R. Wor. Bro. Aubrey White, of Toronto, will be named for the position of deputy grand master. From what can be learned he is quite sure of the place. Wor. Bro. L. May, Ottawa, and Wor. Bro. A. Shaw, of Kingston, are also mentioned for the place, but whether or not they will allow their names to go to a ballot at this session is not known.

The Wardens.

The position of grand senior warden will come to a Londoner, and at the present time there are three names prominently mentioned for the place. They are Wor. Bro. Thomas Rowe, of St. John's, 20; Wor. Bro. W. Allen Young, of Tuscan Lodge, and Wor. Bro. E. W. M. Flock, of Kilwinning. All are well known among Masons, and there should be a close contest for the honor.

For the junior wardenship, several Toronto men are named. The contest is an open one, and anything is liable to happen.

District Deputy.

For district deputy honors, three names are also mentioned. Wor. Bro. W. Wallace, of Nilestone Lodge, Wor. Bro. John Dewar, of Doric Lodge, Lobo, and Wor. Bro. G. Roberts, of Brynston.

There is the possibility of a dark horse winning the coveted honor, and it is quite within the realm of possibilities that some other lodge may get the position.

In the Sarnia district there is also quite a contest for D. D. G. M. Wor. Bro. Robt. W. Paul, of Sarnia, is mentioned, and also Wor. Bro. R. Argue, of Stratford. Both are well known, and should do justice to the position.

Plenty of Contests.

For the board of general purposes, four names are receiving consideration. They are Bros. A. E. Cooper, London; McWhorter, Petrolia; Revel, of Windsor, and Skinner, of Gananoque.

There will be a competition for other offices, and there will be plenty of zest in the convention.

Local arrangements for the entertainment will be perfect, and the visitors are sure of a good time.

**BROTHER AND SISTER DIE
AT ALMOST SAME HOUR**

Strong Coincidence in Connection
With Two Deaths
at Hamilton.

Hamilton, July 7.—Miss Emily Moffatt, eldest daughter of the late Robert Moffatt, died in the City Hospital last night. This morning her eldest brother, Willoughby Moffatt, also died at the City Hospital. The death of the brother and sister in the same institution within a few hours is a strange coincidence. They had both been in poor health for some time. Mr. Moffatt was 60 years of age, and his sister was 58 years old, both being unmarried, and both having resided in this city all their lives. The double funeral will be held tomorrow afternoon.

**REV. S. R. DRAKE

**CAUGHT IN ACT
BROKE INTO STORE**

Police Nabbed Johnstone Kirkpatrick Who Is Well Known
to Police Officers.

HAS SERVED TWO YEARS

For Stealing Watches at the Y. M. C. A.—Will Be Sent Back to
Mimico.

Johnstone Kirkpatrick, a young East End boy, who some time ago served two years in the Industrial School of Mimico, for stealing watches at the Y. M. C. A., was sentenced to an indefinite term in the same school again by Magistrate Love this morning, after pleading guilty to two charges of theft preferred against him.

Kirkpatrick is 18 years old, and was arrested last night while trying to break into White's grocery store. A man who lives nearby watched the boy trying to pry the side window open for some time, and when P. C. McIntosh came along reported the matter to him. He was caught in the act of having stolen a gold watch from Mr. John McInnis two weeks ago, and after pleading guilty in court the other charges were laid against him.

At first Kirkpatrick said he was not trying to break into the store, and gave his age as 15. The court told him it was useless to tell such stories, and the boy finally owned up to everything, and said he had taken the watch from Mr. McInnis' house while engaged in doing some work there. Both Inspector Sanders and the boy's mother agreed that the best course was to send him back to Mimico. Magistrate Love suspended sentence and remanded him for a week while the arrangements were being made. It is said that while the boy was in the school before he was a model boy and never gave the slightest trouble.

**WOMAN FOUND DEAD
NEAR PRAIRIE SIDING**

Apparently Killed by a Grand
Trunk Train While Walk-
ing on Track.

Chatham, July 7.—The body of an unknown woman was found beside the Grand Trunk tracks near Prairie Siding this morning. The dead woman was fairly well dressed. She was evidently hit by a train. No inquest will be held. Letters on her person indicate she was either Belle Weaver or Isabella Jones, of Scranton, Pa. A woman was noticed walking along the track last night.

BROKE HIS BACK.

Toronto, July 7.—John Richardson, of 30 Arthur street, died at St. Michael's Hospital early this morning, the result of a broken back sustained on Saturday, May 29, by falling from a street car. Richardson was riding on the rear platform of a King street car when a cigar he was smoking was knocked from his hand, falling on the steps. He stooped to recover it, when the car jolted, throwing him to the pavement. Richardson was 45 years old, and well known in the city. He leaves a widow and six children.

**MRS. HORSEFIELD WILL
SUE MR. LAWRENCE**

Alleges That Auto Accident Was
Due to Carelessness of the
Latter.

Miss Kate Horsefield, who was run down by Mr. Joseph Lawrence's automobile on Monday evening, will enter action against him for damages.

Certain witnesses of the accident allege that Mr. Lawrence could have prevented the accident by more care, while Mr. Lawrence, on the other hand, claims that it was due entirely to the lady's fault.

The matter has been placed in a lawyer's hands, and at the present time evidence is being secured in an effort to substantiate the claim of Miss Horsefield that Mr. Lawrence's alleged recklessness caused the trouble.

She is still confined to her bed, and suffers greatly from her injuries. No serious complications have arisen and it is likely she will be around in a few weeks time.

**PLEADS HARD FOR DOG
COURT HAS CONDEMNED**

East End Man's Foxterrier
Must Be Destroyed for
Biting Child.

Joseph Newans, an east end resident, pleaded for more than half an hour in the police court in order to save the life of a foxterrier dog that has been a pet of the family for more than 15 years. Mr. Newans was charged by Mr. W. Doan with keeping a vicious dog, and the plaintiff stated that the dog had bitten his daughter. Mr. Newans stated that in all the time he had owned the dog it was the only time he had ever bitten a person. He pleaded that the dog was being cross, and he did not think it was his dog, as he felt sure that it was at home at the time the girl was bitten. Both Mr. Doan and his daughter, however, were positive that it was Mr. Newans' dog.

"I feel sorry about the affair," said the court, "I am very fond of dogs myself. However, there is but one course, and if the dog is vicious it must be lawfully destroyed," said Mr. Newans.

"If it is brought down to the station on Monday it will be shot," said the court. "Have you any friend to whom you could send the animal so that it would not menace people in the neighborhood?"

Mr. Newans said he had none, and pleaded hard to have the dog's life spared.

Mr. Doan, however, intimated that if the dog were not ordered to be killed, he would be convicted of the results that might follow the injury to his daughter.

The court finally ordered the dog to be killed, and it is likely that it will be destroyed on Monday.

**THE PRICE OF SHOES
TO TAKE BIG BOOST**

Wholesalers Announce That the
Prices Will Advance 10 to
20 Per Cent on Footwear.

Shoes are going up. Wholesalers are sending out notices that from this time on shoes will advance in price from 10 to 20 per cent. The reason for this is the advance in the price of hides and raw material. Hides could be bought last year for 6 1/2 to 7 cents a pound, now cost 14 to 15 cents, and it was inevitable that shoes should follow the hides in their upward career.

"The price of shoes will advance," said Mr. Joseph P. Cook, of the Cook-Fitzgerald Company. "The price of hides and consequently leather has advanced very rapidly during the past year, and it is impossible to manufacture shoes at the present selling price. The advance will be from 10 to 20 per cent."

The retailers have not advanced their prices as yet, but it is certain that they will follow the prices up as soon as the wholesalers do so.

**PASTOR LEAVES
SEPTEMBER 1**

Congregation Accepts Resignation
of Rev. D. S. Hamilton.

WANTED HIM TO STAY

But the Reverend Gentleman Had
Made Up His Mind to Go West
In the Fall.

The resignation of Rev. D. S. Hamilton, B. A., as pastor of the First Congregational Church has been accepted by that congregation to take effect the first of September. Mr. Hamilton has not decided where he will locate, but he will take up work in the west. At a recent meeting of the board of management of the church the following resolution was presented:

The Resolution.

"In appreciation of the wish of our pastor to accept what he believes to be a call from God to take up work in the west, and realizing that we are fellow workers in the Master's cause, while sincerely regretting to lose the fellowship of one who has been so faithful a leader and friend, yet with the desire to still uphold him in what he believes to be the path of duty, we, the members and adherents of the First Congregational Church, do now accept his resignation, and wish him God-speed."

At a subsequent meeting of the congregation the resolution was proposed by Mr. H. M. Moulton, and seconded by Mr. W. T. E. Wright and carried by the congregation.

Decided to Leave.
It had been in their hands for some weeks, and pressing matters brought it to bear upon Mr. Hamilton in the interim to have him reconsider his course of action, but he decided that his work was in the west, and with the deepest regret the congregation decided to allow him to follow the call of duty and go west.

The relations between the pastor and people have been singularly happy, and it was with deep regret that they were compelled to allow him to go.

No move has yet been made to obtain a successor. Steps will be taken at once by the board of management to secure a capable man. At the present time, they have no person in mind.

**A TOWN SWEEP AWAY
BY GREAT RAINFALL**

Hundreds Are Homeless and
Fifty Houses Destroyed in
Mexican Town.

Monterrey, Mexico, July 7.—With damage of three-quarters of a million dollars as a result of recent rainfall and passenger train service still lamentably crippled, a serious situation confronts Northern Mexico.

Advices from Salinas, Hidalgo, are meagre, owing to the fact that all communication with that town is completely destroyed, but it is reported that the town has been entirely wiped out, and property, loss, if not total will be great. The river which skirts the northern section of Villadamas has left its banks. Fifty houses had been swept away yesterday, and a hundred others were under water and crumbling. Several hundred persons are homeless.

In addition to the confirming of the death penalty, the court has issued a decree requiring Gonzalez to pay to the widow of the man he murdered the sum of \$200,000. The prominence, popularity and wealth of Gonzalez was relied upon to secure for him a lighter sentence.

FRATERNAL DAY.

Burlington, Vermont, July 8.—Today was fraternal societies' day, and one of the most interesting of the Champlain Tercentenary celebration. Parades occupied a conspicuous part in the day's events, the fraternal societies, accompanied by much pageantry and decorated automobiles, marching in the forenoon, and the uniformed companies parading in the afternoon. The exercises were begun in the morning with a band concert, followed by an athletic cancellation. Then came the parade of fraternal societies, which was reviewed by the mayor and board of aldermen.

The uniformed companies, after parading through the streets, marched to Centennial Hall.

**SIX MONTHS FOR
WILLIAM M'KENNA**

Had Agreed to Get Out of Town,
But Did Not Do So.

William McKenna was sentenced by Magistrate Love this morning to six months in the Central on a charge of vagrancy. McKenna was told a couple of weeks ago that if he came up again he would be sent down.

He agreed to get out of town, and did for a few days, but yesterday came back and commenced his old habits of drinking.

"Give me a chance to pay a fine and get out," said McKenna.

"All right," said the court, "I will fine you \$50 or six months."

CHEWED GUM ON DUTY.

Hamilton, July 7.—The police commissioners held a meeting at noon today to consider a charge laid by Sergeant Knox against a constable, who was on duty. Hay's explanation of the charge was that he was the possessor of a piece of chewing gum, and that the constable in question had threatened these unnatural teeth at a fountain, and was compelled to chew a chieft to take the taste of the abominations out of his mouth. The commissioners referred the matter to Police Chief Smith with full power to deal with the gum-chewing policeman.
