Alerts lost to Woodstock last night 7 to 3. After making the fans wonder for the first time how they lost to them in that city last week they were knocked out by playing a man short, and let Woodstock get them on the run with three counters, scored in big runs, and after that juncture the old pastime was stowed away. Woodstock were never headed and played like a different team with the moral support of two tallies dancing before their eyes. When in defence Alerts looked much improved over their form here against Drumbo. Lack of a right wing man who could handle the chances that drifted over to that side many times during the night, and the demoralization of team play that ensued when they were trailing two goals behind were to blame for their defeat, though they didn't give up trying because of the latter state of affairs.

Clift Knocked Out.
Clift, who had some fine stops, but let two easy ones go in the second half, was knocked out near the end of the first period. A six-inch high one down which caught the London net-minder on the side of the nose, and he was out for a long while, and performed fairly well.

Lynch in Goal. Lynch, the big defence man, and with Grainger, holder of some dangerous rushes. Tottenham's defence was a six-inch high one down which caught the London net-minder on the side of the nose, and he was out for a long while, and performed fairly well.

The First One.
Tucker put London in the lead in four minutes after play opened, when he grabbed the puck out of a mix and snapped it through a six-inch high one down which caught the London net-minder on the side of the nose, and he was out for a long while, and performed fairly well.

Majors His Goal

JACK BENTLEY.

JACK BENTLEY, star of the Baltimore team of the International League, has tied a minor league record.

Bentley, who is the Babe Ruth, and then some, of the minors, wants to get a chance to show his talent in the big leagues.

Bentley has refused to sell any of his stars to the major leagues, may refuse to consider the proposition.

He is a player of the George Sisker type, a left-hander, who, aside from being a great pitcher, is a fine first baseman.

Here is what Bentley did in the International last year: He led the league in hitting with an average of .345.

He also led in home runs, with 24. He also led the league in pitching, with 11 victories and 1 defeat.

At the recent meeting of the major leagues in New York Dunn was reported as refusing an offer of \$50,000 for Bentley's services.

Knowing that he is in such demand, Bentley has refused to sell any of his stars to the major leagues, may refuse to consider the proposition.

McClarys and G. T. R. were winners in the Manufacturers' League at Westminster last night.

The Stovemen won from Civil Service 5 to 0 and the latter team from Standard Drug by 6 to 3.

There was only a small crowd out to see the teams performing.

Plenty of fun was provided during the closing game.

The first fixture was a rather one-sided, McClarys having a decided edge both on shooting and skating.

Reuter in goal for them was the big shot in the way of the Postles.

He stopped short after shot and was really responsible for his team's victory.

Buchanan, Andrews and Campbell did the scoring.

Two goals were scored in both the first and second periods and one in the third.

G. T. R. won from the Drummen in much the same way as McClarys did from the Postles.
