#### NO RAISES LIKELY FOR **POOR BALL PLAYERS**

Epidemic of Holdouts Expected This Winter and Spring.

New York, Jan. 15 .- Business was o good around the major league ciruits last year. The pennant-winning ubs and several of the western teams nade money, but the usual bumper rops of cash were not general by any leans. At least, the magnates would ave this believed. The result is very leave the selected of the club-owners will ask heir athletes to suffer along on a small stipend until thing "get better." Others to can afford their usual payroll may the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new until the same thing to feel out the new unitil the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing to feel out the new units the same thing the same thing

tever the reason, the wave of commy which has brought the majors on the minors to a point of open war of doubt will result in a great epidemic of holdouts as soon as the athletes get their contracts. The club-owners are waiting until the last minute to send out new contracts, to prevent the union members from getting together and comparing notes on the various salaries offered. The usual threats, of retiring to private business instead of playing ball are being made.

Jake Daubert, Cincinnati infielder, has officially announced himself as ready to enter the coal business if he cannot get \$14,000 a year, and George Mogridge, Washington pitcher, is lookholdouts as soon as the athletes get Mogridge. Washington pitcher, is looking for other business. Dutch Reuther, accused by Squire Ebbets of being the prime mover in the baseball players union, is holding out for \$12,000, and Zack Wheat, Andy High and several others on the Brooklyn Robins are not content with what they have been drawing. Ebbets probably will have a whale of a time before he gets through.

John McGraw seldom has trouble with his players. The Giants are generous, and the boys are all satisfied with heir places. The Yanks are the most liberal spenders in baseball, but the Yank owners are going to reduce salaries this year. Colonels Ruppert and Huston are not hard up, but they are going to take a crack that way against several of the fancy-priced players ho looked like ten cents a dozen last ason and during the world's series. For once in his career, Eddie Rousch, ie champion holdout or holdouts, says is going to report to the Reds in a spring without any quarrel. He sust think the Reds are going to wing pennant.

Of all the holdouts last season, only cannot get \$14,000 a year, and George Mogridge. Washington pitcher, is looking for other business. #### Garrison Athletic Notes

The W. O. R. and 12th Battery had a number of their trackmen on the floor of the local armories last Friday night. Tonight's (Tuesday) basketball sched-ule brings the 12th Battery and 1st Hussars together in the first game, and the Emma Gees and C. A. S. C. for the he Emme.

Hockey games at the Wolseley Bar-

Hockey games at the Wolseley Barracks rinks are attracting large crowds of spectators. Cars can be parked overlooking the ice surface and car owners can enjoy the games in comfort.

Wednesday night's indoor baseball game between the W. O. R. and the R. C. R. is creating an unusual amount of interest, due no doubt to the fact that both teams are tied for the leadership. Keen rivalry exists between these two teams and both are confident of victory. It is altogether likely that "Cap" Phillips will take up the hurling duties for the Royal Canadian Regiment, while Manager Ed. Walker has named "Bobby" Wray as his selection for slab duty for the Western Ontario Regiment. Arrangements are being made to accommodate an overflow crowd for this game.

Beard, Morris, Wanless, Wilson, Lawrence, Hill and Rourke will compose the Central Collegiate Machine Gun team which opens the Garrison Cage League tonight.

A replay of the last two games of the Cowan Trophy last Saturday night has been ordered, starting from the seventh frame of the fourth game, when, it is alleged, Jack Sansone committed a foul. Tom Crawford of the losing team protested, and the trustees have sustained it, with the foregoing decision. The games will be rolled over tonight, starting at 7:30, and will be followed immediately by the opening game of the City League between the Marconis and the Moose No. 2 teams.
