AN UNTRUTH

It does not mend matters in the case of the dismissed employees from some of the Government departments here to pretend that the bulk of them were mere casuals taken on by the outgoing Government before the elections. This is simply an impudent untruth. As a matter of fact, only two or three of them were employed some months before the elections. The others were employees of more or less long standing, though not on the permanent list, and in several cases, the victims had been in the service for many years.

DIED WHILE UNDERGOING OPERATION

Word has been received here of the sudden death of Mr. J. H. Wainwright, the Secretary-Treasurer of the Restigouche Salmon Club.

Mr. Wainwright was in New York and died on Friday while undergoing an operation. Deceased was well known in Restigouche and his many friends were shocked to hear of his death.

An English Chemist Has Discovered How to Grow Hair.

In England the ladies have entirely abandoned wearing hats, which is due entirely to this new discovery.

It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-sought-for article is proven every day.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called SALVIA, and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. The White Drug Co., your druggist, is the first to import this preparation into Campbellton and a large generous bottle can be purchased for 50c.

CLEVER CHAT-HAM PUPIL

Miss Kathleen McIntyre who last Friday was awarded the Lieutenant Governor's medal for the highest marks made in Northumberland Co. at the last High School Entrance examinations, was also successful in winning first class honors at the Junior Music examinations of the University of Toronto held towards the close of the scholastic year.

SEA CAPTAIN HAD INDIGESTION.

Calls Morriscy's No. 11 Tablets Magic Remedy.

FORBES POINT, N. S., July 1, 1910.

"Previous to taking your No. 11 Dyspepsia Tablets I had been undergoing treatment with my family physician for three months, and at an expense of about \$100. I was suffering so badly that I could not sleep. Fortunately for me, a friend recommended your No. 11 Dyspepsia Tablets. I tried them, and they acted like magic. After the first dose I began to feel better, and that very night I slept soundly, and I was the first time for weeks that I was able to sleep. I used altogether 3 boxes of the remedy, and am entirely cured. I would like to say, I think No. 11 Dyspepsia Tablets are great, and anyone suffering from indigestion and other ailments should try these Tablets by all means, as I consider them a magic remedy."

Capt. Norman Devine.

The above prescription is not a "Cure-All" or so-called patent medicine. Dr. Morriscy prepared it for 44 years, and it cured thousands after other doctors failed.

Price 50c per box at your dealers, or Father Morriscy Medicine Co., Limited, Montreal.

FLEURANT

Fleurant, Dec. 29.—The entertainment held in the Presbyterian Church here on Friday last was in every way a grand success. The tree was beautifully decorated and the program in varied and interesting. Special mention should be given to the little Misses Sullivan and Mildred Day who sang, and whose voices are wonderfully sweet and powerful in children so young. Mr. LeBel our popular preacher, was inimitably droll as Sant Claus and no doubt the kiddie went home firmly convinced they had seen the blessed old saint himself.

Mr. George Campbell has returned from Mount Allison to accept a position as assistant teacher at the academy at Esquimaux River.

Mr. Guilford Pike has returned from Matapedia where he had been visiting Mr. Duncan Cairncross.

Mr. Andrew Fitzgerald spent the holidays in Fleurant.

Mrs. Gus MacKenzie is visiting at her old home here.

The strk on his rounds stopped at the home of Mr. and Mrs. Clarence Edwards, leaving Clarence with a baby girl and a broad and expansive smile.

Miss Mabel Wafer is visiting in Matapedia.

Miss Myrtle Dickon has returned to Broad Land after spending the week end here.

We are glad to see Mr. Charles Gray has resumed his duties on the post office staff.

Mrs. H. Duchene of St. Onge spent Monday in Fleurant.

THE OPTIMISM OF THE CONSUMPTIVE

Perhaps there is no disease, whilst often fatal in its outcome, is yet viewed with so much optimism by the patients themselves. It is well that it is so, for all know to what extent one's own feelings, whether cheery or the opposite, influence both mental and physical conditions. "I was certainly impressed with this thought," remarked a newspaper reporter, "in interviewing a patient of the Muskoka Free Hospital for Consumptives. She was a pretty girl of 24, brown hair and dark gray eyes, who had come all the way from Saskatchewan. She said she felt pretty sick when she first arrived at the Hospital, and for two days the nurses had to personally feed her. 'I have been in bed all the time,' she said. 'I have been well cared for while I have been here. I am sure I am going to get well, and feel better now than before I took sick. Everybody seems so happy and bright, and tells me when I get up I am sure to like it. Everything is done to please me and make me happy.' One may well wish that so bright a patient should soon be restored to health."
