

John Macdonald & Co.

TO THE TRADE:

Friday, Sept. 14th, Review Day Toronto Industrial Fair.

JOHN MACDONALD & CO.

WELLINGTON AND FRONT-STREETS EAST, TORONTO.

NEXT WEEK'S BIG CONVENTION.

Seeds of Resolutions to Attend the Canal Meeting Next Week.

The special committee appointed to make arrangements for the Deep Waterway Convention next week met yesterday afternoon at the City Hall.

The program at the convention will be as follows: On Monday from 3 to 6 p.m. the delegates will be received in Chamber, commencing at 8 p.m. Tuesday and Wednesday sessions will be held at 3 and 8 p.m. and on Thursday the delegates will meet at the City Hall.

The committee drafted the following notice for the press:

"This convention will be attended by some of the most distinguished citizens of Canada and the Western States.

The delegates will report and present their resolutions at the Council Chamber of the City Hall on Monday next at 3 p.m.

Any of the citizens who desire to meet and show courtesies to those distinguished visitors are invited to be present and aid the Reception Committee in their duties.

It was decided to extend to the Ontario Mining Institute, now for the Ontario city, an invitation to send delegates to the convention.

Governor Minnow has appointed Y. Smalley, J. H. Davidson and Albert Schaffer, St. Paul, H. Eastis, Mayor of Minneapolis, and S. A. Thompson as delegates to represent this State at the convention.

The Minneapolis Board of Trade will be represented by President George A. Clark, Director Hudson, and S. A. Thompson will send its warden, George A. Clark.

Hon. John Ferguson, Thomas C. Reeder, D.E. Dr. Hyslop, M.L.A., and F. J. O'Rourke, M.L.A., have also forwarded acceptances.

Mr. John Brown, vice-chairman of the Citizens' Committee, has received from Washington a copy of the Treasury report on the International Commerce Commission.

The report contains the following remarkable comparisons: "Measuring the total tonnage of the lakes by 1.3 miles, we find that the entire lake traffic of 1890 was carried at cost to the shipper of \$22,294,000.

"Had this freight been carried by land at the average cost of carrying freight by rail (9.25 cents per ton), the service would have cost the public \$137,000,000.

"Upon this basis, therefore, the saving to the public by water transportation on the lakes in a single year was \$114,706,000, or four times the entire river and harbor expenditure of the United States on the great lakes from the foundation of the Government to date."

"No, I'm not going to hold up my hands," exclaimed the obstinate citizen, "I'm not going to be a late hour in a lonely part of the city one night last week. I recognize the fact that you've got the drop on me and I'll have to cough up, but I'm going to hand over the money."

"Be quick about it, then," said the footpad, sternly.

"I'll be as quick as I can," rejoined the other, "but this is business."

"Producing his pocketbook he opened it and began to inspect the contents."

"What are you doing?" demanded the fellow at the other end of the revolver.

"I'm counting the cost of this transaction. Just keep your shirt on a minute, will you? Ten, 15, 20, 25, 40, 45. I don't care much for the money, he continued, feeling in his vest pocket and adding a stray coin or two to the sum in the purse, "as I do for maintaining my system of finance intact. Forty-eight."

LEFT THE KEY IN THE BACK DOOR.

And, Doing So, Cost the Bank Ten Thousand Dollars.

Deville, Ill., Sept. 13.—The Citizens Bank at Rosville was robbed of between \$9000 and \$10,000 yesterday. The officials locked the bank and went to dinner at noon, leaving the key in the back door sticking in the lock on the inside. The robbers used sippers on the key.

Opening of the Fire Market. An important meeting of owners of property in the north part of Ward number six, interested in the opening of Dufferin-street through to the Queen-street Subway, was held yesterday.

An association was formed for the purpose of procuring the street to be opened with as little delay as possible. Plans being away with all the objections which have been raised on account of danger to traffic were before the meeting and were discussed, and it was made evident that without cost the adjacent proprietors would give land sufficient to make a large public plaza at the northern opening of Dufferin-street into the subway.

The special committee appointed to make arrangements for the Deep Waterway Convention next week met yesterday afternoon at the City Hall.

The program at the convention will be as follows: On Monday from 3 to 6 p.m. the delegates will be received in Chamber, commencing at 8 p.m. Tuesday and Wednesday sessions will be held at 3 and 8 p.m. and on Thursday the delegates will meet at the City Hall.

The committee drafted the following notice for the press:

"This convention will be attended by some of the most distinguished citizens of Canada and the Western States.

The delegates will report and present their resolutions at the Council Chamber of the City Hall on Monday next at 3 p.m.

Any of the citizens who desire to meet and show courtesies to those distinguished visitors are invited to be present and aid the Reception Committee in their duties.

It was decided to extend to the Ontario Mining Institute, now for the Ontario city, an invitation to send delegates to the convention.

Governor Minnow has appointed Y. Smalley, J. H. Davidson and Albert Schaffer, St. Paul, H. Eastis, Mayor of Minneapolis, and S. A. Thompson as delegates to represent this State at the convention.

The Minneapolis Board of Trade will be represented by President George A. Clark, Director Hudson, and S. A. Thompson will send its warden, George A. Clark.

Hon. John Ferguson, Thomas C. Reeder, D.E. Dr. Hyslop, M.L.A., and F. J. O'Rourke, M.L.A., have also forwarded acceptances.

Mr. John Brown, vice-chairman of the Citizens' Committee, has received from Washington a copy of the Treasury report on the International Commerce Commission.

The report contains the following remarkable comparisons: "Measuring the total tonnage of the lakes by 1.3 miles, we find that the entire lake traffic of 1890 was carried at cost to the shipper of \$22,294,000.

"Had this freight been carried by land at the average cost of carrying freight by rail (9.25 cents per ton), the service would have cost the public \$137,000,000.

"Upon this basis, therefore, the saving to the public by water transportation on the lakes in a single year was \$114,706,000, or four times the entire river and harbor expenditure of the United States on the great lakes from the foundation of the Government to date."

"No, I'm not going to hold up my hands," exclaimed the obstinate citizen, "I'm not going to be a late hour in a lonely part of the city one night last week. I recognize the fact that you've got the drop on me and I'll have to cough up, but I'm going to hand over the money."

"Be quick about it, then," said the footpad, sternly.

"I'll be as quick as I can," rejoined the other, "but this is business."

"Producing his pocketbook he opened it and began to inspect the contents."

"What are you doing?" demanded the fellow at the other end of the revolver.

"I'm counting the cost of this transaction. Just keep your shirt on a minute, will you? Ten, 15, 20, 25, 40, 45. I don't care much for the money, he continued, feeling in his vest pocket and adding a stray coin or two to the sum in the purse, "as I do for maintaining my system of finance intact. Forty-eight."

"Don't get gay, my friend," said the footpad, grabbing the pocketbook.

DOINGS ON THE EXCHANGES

People's, 25 at 128; Merchants', 75 at 166.

Afternoon sales: Cable, 100 at 142; Ribbelle, 25 at 82 7/8; Street Railway, 25 at 152; Gas, 500 at 109 1/2; 25 at 170 3/4; 100 at 170 1/2; 15 at 171 1/2; 171 1/2-2. 850 at 172 1/2; 172 1/2-2. 100 at 172 3/4; 800 at 172 1/2; 172 1/2-2. 100 at 172 3/4; 2; Telephone, 80 at 150 1/2.
