The province derived \$100,000 from amusement tax at the race courses in Ontario. The attendance at these tracts was the largest on record.

The death took place Wednesday of Walter Folsom, at the Sarnia General Hospital. The deceased who was about 75 years of age, was a resident of Sombra.

A correspondent of the New York Sun says that citizens of other countries who are living in the United States be compelled either to become American citizens or else get out of the country.

Countless have been the cures worked by Holloway's Corn Cure. It has a power of its own not found in other preparations.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

Save, But Save Wisely

Do not rob another by saving. The miser robs other people, by withholding money he ought to spend. In this emergency do not save for the sake of saving. Do not try to accumulate an unusual surplus. Save that you may help fight the great war for freedom. It is your war. It is for your liberty. You can fight for freedom by being self-reliant, and taking care of yourself—and by spending your money wisely. Be sporty. Take your medicine. Don't try to stock up with sugar just because it happens to be high. Buy as you need, as you always have. It is as mean to try and provide for your own wants at less than your neighbour will have to pay next week. Be a good fighter in spending. Don't help raise prices by hoarding sugar and flour. The Germans have proved that they are not good sports. Don't imitate them. Keep a stiff upper lip. Keep right on at work. Pay as you go. Save as you can. Buy a war savings certificate. Talk optimism. Smile.

"Are you economizing at your house?" "No we're simply eating less for the same money."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly tainting to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Hall's Family Pills for constipation.

A Record Potato Year

Canadian new potatoes are coming in rapidly and price has dropped to about \$2.75 a bushel. The yield of the earlier potatoes in the Southern States has been exceptionally good, and in the great potato areas of New England the outlook is for record supply. In Canada the potato acreage is the largest ever planted. It is 502,000 acres, according to the official estimate, compared with 440,000 acres in 1916, and 484,000 acres in 1912, the best previous year. When the Canadian potatoes are in full supply, in another month or two present prices ought to sink rapidly. Owing to the probable extraordinary consumption of potatoes caused by substitution for other more expensive edibles, the ordinary level of about 75 cents a bushel is not to be expected, but there should be an end of the period of \$2 and \$3 potatoes. The excess production in the United States, stimulated by the high prices this Spring, will relieve our market of considerable export demand. Last year the Canadian yield of potatoes fit for selling was 47,800,000 bushels or 108 bushels to the acre. This year the city production of potatoes alone, which is not figured in the official estimates, will total millions of bushels. All over Canada urbanites have been carefully husbanding their backyard potato patches. Despite the wet weather the potatoes are not seriously damaged, and a yield far bigger than that of last year, perhaps of 75,000,000 or 80,000,000 bushels, is probable.

THESE PILLS CURE RHEUMATISM.—To the men who suffer from rheumatism a trial of Farnelle's Vegetable Pills is recommended. They have pronounced action upon the liver and kidneys and by regulating the action of these organs act as an alternative in preventing the admixture of uric acid and blood that causes this painful disorder. They must be taken according to directions and used steadily and they will speedily give evidence of their beneficial effects.

Cure For Poison Ivy

Ivy poisoning is caused by an oil in the plant which is very poisonous, and which water will not dissolve, so that there is no use washing the affected parts with water. The poison ivy grows in nearly all parts of the country, and while many people can handle the plant without danger of poisoning, others are very susceptible to the poisonous qualities of the plant. Washing the hand in alcohol after coming in contact with the poison ivy will kill the poison and the poison is destroyed after it takes effect by an application of sugar of lead and alcohol. The solution is made by dissolving as much sugar of lead in 60 per cent alcohol as it will dissolve. This solution should be applied to the affected parts several times a day, and is a sure cure for this troublesome poisoning.

Rev. John Mahan, fifty years in the Methodist ministry, died suddenly at his home in London.

Albert Littleford, 16, of Medicine Hat, Alta., sank in a hole while bathing, and Jack Campbell, 27, from Nova Scotia, jumped in fully clothed to rescue him, but he, too, was drowned.

"Grocery butter is so unsatisfactory," said Mrs. Youngbridge, "I decided to-day that we would make our own." "Oh, did you?" said her husband. "Yes; I bought a churn and ordered buttermilk to be left here regularly. Won't it be nice to have really fresh butter?"—Boston Transcript.

Worms in children if they be not attended to, cause convulsions and often death. Mother Graves' Worm Exterminators will protect the children from these afflictions.
