Patented Pole Attachment, arranged for two horses; can be adjusted instantly for three or four horses.

Costs a little more to buy, BECAUSE it costs more to make.

Lasts longer, works better, needs fewer repairs, gives satisfaction where others fail.

Light draft.
No weight on horses' necks, and sold under our GUARANTEE.

Every Windsor Disc Rolls Along on 66 Hardened Balls.

Manufactured by **THE FROST & WOOD COMPANY, Limited**

Head Office and Works, **SMITH'S FALLS, ONTARIO.**

Send for 1899 Illustrated Catalogue to nearest Branch Office.

When writing, mention "FARMING."

NOXON NEW BUFFALO PATENT ALL-STEEL DISC HARROW.

NOXON No. 12 SECTIONAL SPRING TOOTH CULTIVATOR

NOXON STEEL HOOSIER DRILL.

The Buffalo All-Steel Disc Harrow.

This is the only Disc Harrow made or sold in Canada, having independent, adjustable spring pressure upon the inner ends of the gang disc, allowing any amount of pressure to be thrown upon the inner ends of the gangs, by the foot of the operator. By this means a perfectly flexible action is secured and the ground can be worked to a uniform depth. Examine this Machine carefully and compare with others.

The No. 12 Cultivator

IS A MARVEL OF SUCCESS. The only Cultivator made that both lines of teeth will cut an even depth in the ground. Examine it and you will see why. The only Cultivator with a movable tooth set so that the angle of the teeth can be regulated to suit any condition of soil. Pressure can be regulated to act differently on every section requiring it. The teeth are carried between the wheels instead of trailing behind, as in other machines, thus securing lighter draft. This machine is furnished with grain and grass seed box when required. It has reversible diamond steel points for the teeth; also extra wide thistle-cutting points can be furnished. Examine it and you will buy no other.

THE BEST DRILL MADE.

The Hoosier Needs No Introduction.

Over 40,000 Drills and Seeders of our manufacture in use in Canada. The only Drill made with lever for instant and perfect regulation of depth of hoe in all kinds of soil, while team is in motion. Sows absolutely correct to scale; saves seed, as every kernel is deposited at a proper depth to grow. Purchase only the best and you will be satisfied.

We also manufacture Binders, Reapers, Mower Rakes, Cultivators and Pulpers, as good as the best. Send for illustrated catalogue.
