

Swamped With Orders.—The Wallace Sprayer Co. informs The Horticulturist that they are now building for spring sales and are already swamped with orders. It would be well, therefore, for Canadian growers who intend purchasing one of these popular power sprayers to place their orders with Mr. Brand, their Canadian representative, at once so that the machines may arrive in time for the spring work.

I regret my subscription has been so long overdue. To prevent it happening again, I enclose check for \$5, paying up to 1908.—(Mrs. P. E. Henry, Toronto, Ont.)
