ILLUSTRATED LONDON NEWS.

THE Year 1855 bids fair to be one of the most important and eventful of modern history. On the 6th of January, 1855, will be issued the First Number of a New Volume of the ILLUSTRATED LONDON NEWS; and not merely a New Volume, but of a New Year—each volume being perfect and complete in itself; containing, for the time, a faithful record, pictorial and descriptive, of all Events of interest in every part of the world. To that portion of the Public who do not subscribe to this Journal, it may be stated, that no period could be selected more opportune for commencing—the whole expense being but Forty-five Shillings, Cy., per annum, exclusive of Double Numbers, which are issued on rare occasions, when it would be impossible to crowd the important events and Engravings into a Single Number. For this small sum the Subscriber will receive Twenty-four large Pages—Seventy-two Columns—of the most interesting information, carefully selected from the News of the Week, inter-

persed with a variety of charming Articles on the chief topics of the day.

The ILLUSTRATED LONDON NEWS has, by its impartial and consistent advocacy of the welfare of the Public, secured for itself a political influence scarcely second to any Newspaper in the Empire; and reference can with some pride, be made to the support afforded to all beneficial measures proposed and adopted by the English Parliament.

Foreign Politics will ever command the attention which ought to be devoted to so important a feature of a Newspaper. On the question of the Russian War, during the Year 1854, ONE THOUSAND ENGRAVINGS appeared in the ILLUSTRATED LONDON NEWS. Extensive arrangements, calculated to improve this popular Journal, and engagements, such as will greatly enrich its Literary, Scientific, and other departments, have been made, and will thus combine on this Paper the greatest talent of the day.

The ILLUSTRATED LONDON NEWS has been established thirteen years, during which period it has received a greater degree of encouragement and approbation than any Journal ever published. This is proved by the Returns of Stamps issued from time to time by order of Parliament. The Stamps applied for the first Six Months of 1854 was upwards of 2,734,300—showing a WEEKLY CIRCULATION OF UPWARDS OF ONE HUNDRED and THIRTY THOUSAND COPIES!

Terms in advance 45s. per annum.
