MISCELLANEOUS.

**CATARRH IN THE HEAD** is undoubtedly a disease of the blood, and as such only a reliable blood purifier can effect a perfect cure. Hood's Sarsaparilla is the best blood-purifier, and it has cured many very severe cases of catarrh. It gives an appetite and builds up the whole system.

Hood's Pills act especially upon the liver rousing it from torpidity to its natural duties, cure constipation and assist digestion.

A Christian's experience is like a rainbow made up of beams of the grief of earth and beams of the bliss of heaven.

BRONCHITIS CURED.

**GENTLEMEN.**—I suffered four or five years from bronchitis and a severe hacking cough, and could get nothing to do me any good. A friend told me to get Hagyard's Pectoral Balsam, and I did so with good results. Two bottles cured me and I hardly know what a cold is now.

ARTHUR BYRNE, Guelph.

Why on earth do people think it fine to be idle and useless? Fancy a drone superciliously desiring a working-bee to stand aside, and saying: "Out of the way, you miserable drudge; I never made a drop of honey in all my life!"—Dr. A. H.

**SAFE AND SURE.** Not only safety from mineral poison (of which B. B. B. does not contain the slightest trace), but prompt and certain action in the cure of disease may be confidently relied on from the use of this unrivalled natural specific for Dyspepsia, Constipation, Bad Blood, Headache, Bilioussness and all diseases of the stomach, liver, bowels and blood.

When you make a mistake, don't look back at it long. Take the reason of the thing into your mind, and then look forward. Mistakes are lessons of wisdom. The past cannot be changed. The future is yet in your power.—Hugh White.

**COUGHS AND COLDS** are often overlooked. A continuance for any length of time causes irritation of the Lungs or some chronic Throat Disease. BROWN'S BRONCHIAL TROCHES are offered, with the fullest confidence in their efficacy, giving almost invariably sure and immediate relief. 25 cts. a box.

Rev. R. W. Dobbie of Blochairn Free church, thinks the Temperance party has been too gentlemanly. They needed to say to Mr. Gladstone, sternly, "Look here, old man, you are a grand man, but we are in dead earnest. You spoke in Liverpool the other day words that will ring through the ages to come. If you believe your words, go ahead and let us see proof of it."

IN THE MORNING.

"Four years ago," writes Col. David Wylie, Brockville, Ont., May, 1888. "I had a severe attack of rheumatism, and could not stand on my feet. The pain was excruciating. I was blistered and purged in true orthodox style, but all to no purpose. I was advised to try St. Jacobs Oil, which I did. I had my ankles well rubbed and then wrapped with flannel saturated with the remedy. In the morning I could walk without pain." Many get up and walk in the same way.

The Christian Commonwealth, which the other week reported the statement that Mr. Moody exacted a large fee for his services at meetings in this country, has promptly received an authoritative contradiction of the absurd rumour. Our contemporary adds: "We think much less has been gained by a contradiction from the best possible source of reports which are revived from time to time and do great injustice and possible injury to one whom we believe to be a zealous and disinterested servant of Christ."

BILIOUSNESS CURED.

**GENTLEMEN.**—I have used Burdock Blood Bitters for biliousness and find it the best remedy for this complaint. I used several other remedies but they all failed to do me any good. However, it required only two bottles of B. B. B. to cure me completely, and I can recommend it to all. Yours truly,  
Wm. ROBINSON, Wallaceburg.

TRUE.

"The patent medicine man usually has the good sense to confine himself to ordinary everyday diseases. He leaves to the physician cases in which there is immediate danger to life, such as violent fevers. He does this, because in the treatment of such cases, there are other elements of importance, besides medicine, such as proper dieting, good nursing, a knowledge of the patient's strength, and so on. Where there is no absolute danger to life, where the disease is one in which the patient can diagnose for himself or which some physician has already determined, the patent medicine maker says fearlessly: 'I have a preparation which is better than any other known and which will cure you.' In nine cases out of ten his statement is true." N. Y. World Interview. It is absolutely true as regards St. Jacobs Oil, the great remedy for pain.

To stimulate the Liver and other digestive organs to a normal condition and healthy activity, there is no better medicine than
