Do you feel dull, languid, low-spirited, life-less, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloading after eating, or of "gone-ness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, bot flushes, alternating with chilly sonestions, sharp, biting, transient rains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending claimity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American malading-silitous Drapepsis, or Torpid Liver, associated with Dyspepsis, or Judigostion. The loss of hair may be owing to inputity of the blood or derangement of the stomach and liver, in which case, a course of Ayer's Sarsaparilla or of Ayer's Pills, in connection with the Vigor, may be necessary to give health and tone to all the functions of the body.
