Bronchitis Cured.

The following letter is from a leading practitioner of Weymouth, who was so pleased with the action of

Eagar's Phospholine

that he sent the following report of what he considered a most obstinate case.

Dear Sir,—I have used your Phospholine in many cases for which it is recommended, and am pleased with the way in which it acts. In a case of most obstinate chronic Bronchitis (the disease had baffled the usual treatment in such cases) your Phospholine acted like a charm, and I ascribe the recovery entirely to the use of it. From my experience of it, I feel justified in saying that it is an important remedial agent in all cases of wasting diseases, and I can heartily recommend it to the notice of the profession and public as a remedy of real merit.
