### CANADIAN COUNCIL OF AGRICULTURE

Most of the attention of the annual meeting of the Canadian Council of Agriculture, which was held in Winnipeg, November 11th to 13th, was taken up with political questions. The railroad situation was discussed at some length, however, and the following resolution was passed:—

"Whereas the government of Canada has already acquired the Canadian Northern Railway, and negotiations are under way for the acquisition of the Grand Trunk and Grand Trunk Pacific systems; and whereas it is most desirable that the administration of these government properties be conducted with efficiency, vigor and determination in a desire to develop a profitable business for these railways in behalf of the Canadian taxpayers; be it resolved that a memorandum be presented to the next meeting of the Canadian council of agriculture, setting forth the present state of development in the relationship of the people with the railways of this country."
