

FORT GEORGE

Will Command the Trade of Central British Columbia and the Peace River

IN PROOF OF THIS ASSERTION. NOTE THE FOLLOWING FACTS:

1. **Fort George will be the focusing point of every railroad built into Central British Columbia.**

Eleven railways are chartered or building into Central British Columbia. Every one of them goes into Fort George.

2. **Fort George is the centre of over a thousand miles of navigable waterways.**

From Fort George to Fraser Lake, 120 miles; from Fort George to Tete Jaune Cache, 300 miles; from Fort George to Soda Creek, 165 miles; boats are today in operation over this 600 miles. In addition there is the Salmon River and the Stuart with their splendid connected lakes.

3. **Fort George is the centre of a region of enormous and varied natural wealth.**

Hundreds of thousands of acres of the finest mixed farming land; gold, anthracite and bituminous coal, silver, lead, iron and zinc are among its minerals, and there are thousands of acres of the finest timber.

4. **Fort George has not, nor can it have, any commercial competition within its territory.**

Vancouver is 450 miles to the south, Edmonton 320 miles to the east, and Prince Rupert 460 miles to the west. Fort George's Tributary Commercial Territory is twice as large as Great Britain and almost as large as Germany.

5. **Fort George is the natural commercial base for the great Peace River Country.**

The products of this rich district, which has 40,000,000 acres of good farm land, will come through Fort George down to Prince Rupert or Vancouver. It will do this because the rail-haul to the Pacific is less than half that to Fort William or Port Arthur. Every pound of freight going into the Peace, and every bushel of grain or head of stock coming out, will go through Fort George and build up the future city.

We were the pioneers in directing public attention to the investment opportunities of Fort George and district. Much money has been made by those who made investments in the Fort George country. Much more will be made in the next few years. Our knowledge and experience of the investment opportunities of Central British Columbia is at your service. Whether you are interested in townsites, land for purchase, timber or mineral lands, or openings for manufacturing industries or business, write us.
