The Autographic records are made on the margins *between* the exposures. It is not intended that they be made to appear in the prints themselves but that they be simply preserved as an authoritative reference. It is obvious, however, that they may be shown on the print itself—if desired.

PRETTY NEGLIGEEES AND DAINTY UNDERWEAR

BY MAY J. MANTON

No. 8555—Price of pattern, 15c.

No. 8551—Price of pattern, 15c.

Pretty, graceful negligees always make a very keen appeal to the feminine taste, and every woman likes to have a generous supply of dainty underwear. The girls' kimono (8551) is one of the available sort that is both attractive and practical; it is very simple and easy to make, yet takes most becoming and graceful lines.

It can be made in full length or be cut off to form a sacque. For the 16 year size will be needed $5\frac{3}{4}$ yds. of material 27 in. wide, $4\frac{1}{8}$ yds. 36, $3\frac{5}{8}$ yds. 44, with $1\frac{1}{8}$ yds. of material or $4\frac{1}{4}$ yds. of ribbon 5 in. wide for bands, for the long kimono; and for the sacque will be required 3 yds. of material 27 in. wide, 2 yds. 36 or 44 in. wide, with $\frac{7}{8}$ yd. of material or $2\frac{3}{8}$ yds. of ribbon for bands. The pattern 8551 is cut in sizes for 16 and 18 years.

The graceful little negligee that is finished with flouncing is one of the prettiest that the season has to offer, and is especially adapted to Spring and Summer. The negligee can be made all of material or with the flounces of lace as liked.

For the medium size the negligee will require 3 yds. of material 27 in. wide, $2\frac{1}{2}$ yds. 36, $1\frac{3}{4}$ yds. 44, and for the petticoat will be needed 5 yds. 27, $2\frac{1}{2}$ yds. 36, with 2 yds. 27 or $1\frac{1}{2}$ yds. 36 for the circular flounce and $2\frac{1}{2}$ yds. of embroidery to make the straight gathered flounce. The pattern of the negligee, 8555, is cut in three sizes: 34 or 36, 38 or 40, 42 or 44 in. bust measure; petticoat pattern in sizes from 24 to 34 in. waist measure.

This corset cover, that can be made of embroidery, is familiar, but the petticoat with straight edge is unusual and peculiarly attractive. It consists of a straight piece, but this piece is cut out above the knee to form gores, while below this point it is laid in plaits. The corset cover consists of just one straight piece with seam at the back and with seams under the arms.

For the medium size the corset cover will require 2 yds. of flouncing 15 in. wide, with $\frac{1}{2}$ yd. of material 36 in. for the trimming; the petticoat will need 2 yds. of flouncing 42 in. wide. The pattern of the corset cover 8300, is cut in sizes from 34 to 42 in. bust measure, and of the petticoat, 7981, in sizes from 22 to 32 in. waist measure.

Empire effects are greatly in vogue, and are liked for night gowns as well as for day time wear. No. 7688 is an attractive one, absolutely simple, yet perfectly satisfactory. It can be made just as illustrated or plain without the Empire band, and the neck can be cut square or round as preferred. For the medium size will be required 4 yds. of material 36 in. wide, $3\frac{1}{2}$ yds. 44, with $3\frac{3}{8}$ yds. of beading and 3 yds. of edging. The pattern, 7688, is cut in three sizes, 34 or 36, 38 or 40, 42 or 44 in. bust measure.
