

Table 3.2 (continued)
Canada, Principal Statistics of the Minerals and Metals Industries, 1985

	Establishments	Employees	Production Value*
			(\$ thousand)
5. Primary Metal Processing			
Primary iron and steel	59	47,685	7,695,677
Smelting and refining (nonferrous)	30	30,567	4,595,599
Total	89	78,252	12,291,276
6. Nonmetallic Mineral Processing and Manufacturing			
Cement industries	24	3,533	795,683
Lime industries	14	783	140,142
Clay products (domestic)	39	1,579	141,412
Clay products (imported)	49	1,148	62,174
Gypsum products	27	2,455	381,044
Total	153	9,498	1,520,455
7. Other Nonmetallic Industries	1,379	41,107	4,358,686
8. Metal Manufacturing Industries	346	28,556	4,679,679
Mineral Manufacturing Industries Total (5-8)	1,967	157,413	22,850,096

*The value of production in this table is compiled on an industry census basis and should not be compared with data in Table 3.1, which are presented on a commodity basis.
