Andrew Neil V.P. Marketing

Allseating Corporation manufactures contract full line seating, specializing in ergonomic office chairs that are designed to accommodate a variety of body sizes and spinal curvatures. The firm offers a wide range of reception, stacking traditional and soft seating to compliment user friendly ergonomic seating that includes passive and dedicated task style chairs.

All seating has a standard five year warranty and provides customer friendly service throughout Canada and the United States. The Company's main language is english but service can be provided in french, italian, spanish, portuguese and indian.

The firm manufactures to ISO 9002 standards and ergonomic seating is tested to CGSB and ANSI-BIFMA test methods. The firm is currently seeking new markets in Europe, Mexico and South America.
