

2. Such co-operation shall take place in accordance with agreements in the field of peaceful use of nuclear energy binding on the Parties and prospective third parties.

## **ARTICLE 6**

### **Notification and Transfer**

Prior to any transfer between the Parties, whether directly or through a third party, of tritium, tritium-related equipment or tritium-related technology subject to this Protocol, the Parties shall exchange written notifications, as set out in the Administrative Understanding.

## **ARTICLE 7**

### **Transfer to Third Parties**

A Party shall obtain the written consent of the other Party prior to the transfer of any tritium, tritium-related equipment or tritium-related technology subject to this Protocol beyond the jurisdiction of the transferring Party to a third party as set out in the Administrative Understanding.

## **ARTICLE 8**

### **Peaceful End-Use of Technology, Tritium, Tritium-Related Equipment and Tritium-Related Technology**

1. Technology, tritium, tritium-related equipment and tritium-related technology subject to the Agreement or this Protocol shall not be used to manufacture or otherwise acquire nuclear weapons or other nuclear explosive devices.
2. Tritium, tritium-related equipment and tritium-related technology subject to this Protocol shall only be used in relation to the safe operation of pressurized heavy water reactors or for tritium removal facilities unless the prior written consent of the other Party is obtained for another peaceful use.

## **ARTICLE 9**

### **Termination of Obligations**

1. Tritium and tritium-related equipment shall remain subject to this Protocol until:
  - (a) transferred to a third party in accordance with the provisions of Article 7 (Transfer to Third Parties) of this Protocol; or
