CUSTOMS TARIFF

MEASURE TO ENACT

The House resumed from Friday, December 4, consideration of Bill C-87, an Act respecting the imposition of duties of customs and other charges, to give effect to the International Convention on the Harmonized Commodity Description and Coding System, to provide relief against the imposition of certain duties of customs or other charges, to provide for other related matters and to amend or repeal certain Acts in consequence thereof, as reported (without amendments) from a legislative committee.

The Acting Speaker (Mrs. Champagne): Pursuant to Standing Order 13(5), the House will now proceed to the taking of the deferred division at the report stage of Bill C-87, an Act respecting the imposition of duties of customs and other charges, to give effect to the International Convention on the Harmonized Commodity Description and Coding System, to provide relief against the imposition of certain duties of customs or other charges, to provide for other related matters and to amend or repeal certain Acts in consequence thereof.

Shall I dispense with the ringing of the bells?

Some Hon. Members: Agreed.

Mr. Hawkes: Madam Speaker, I rise on a point of order. I presume the predisposition is to use the normal course of voting on government legislation which would be different from that which we have just used for Private Members' Hour. I think there is also a predisposition to dispense with each of the amended motions.

Mr. Gauthier: Madam Speaker, I do not agree with that at all. We would like to vote on the amendments and, if the House so decides, we may apply the results of the vote taken in a few minutes to the others, but before we do so, we would like to proceed with the vote on the first amendment as deferred.

The Acting Speaker (Mrs. Champagne): The first vote will be on Motion No. 1.

Mr. Cassidy moved:

Motion No. 1.

That Bill C-87, be amended in Clause 15 by adding, immediately after line 26 at page 4, the following:

"(3) Notwithstanding any regulation made under subsection (2), goods wholly or partly produced in Mexico shall not be deemed to originate in the United States."

The House divided on the motion, which was negated on the following division:

The Acting Speaker (Mrs. Champagne): I declare the motion lost.

Mr. Cassidy: On a point of order, Madam Speaker. I think you will find there is unanimous consent to apply the results of the vote just taken to the remaining amendments, and reverse the results for the motion to concur in the Bill at report stage.

Mr. Gauthier: Madam Speaker, I agree with what the Hon. Member for Ottawa Centre (Mr. Cassidy) says, except that the Official Opposition would like to concur with the Government in the Bill.

Mr. Mike Cassidy (Ottawa Centre) moved:
Motion No. 2.
