

October 13, 1932.

E. W. Beatty, Esq., K.C., LL.D.,
Chancellor, McGill University

My dear Chancellor,

I am attaching herewith a copy of a letter addressed to Mr. Taschereau last August. You will note from it that we have not yet received any of the grants for the University year 1931-32. Not only does the dilatoriness of the Province greatly embarrass us, but we are suffering in a financial way as well. Furthermore, the grants for our year 1932-33 are now due, and again we are inconvenienced.

I have had no reply from Mr. Taschereau to my letter, and respectfully suggest that you see what you can do.

Ever yours faithfully,

Principal.
