IN YOUR REPLY PLEASE REFER TO FILE NO.

7th August, 1922.

Sir Arthur Currie, Principal,
McGill University,
Montreal,
Canada.

My dear Sir Arthur,

I received with great pleasure a copy of a letter written by yourself to Mr. Poussette, Director of the Commercial Intelligence Service, Ottawa, with regard to a letter I sent to Ottawa on the subject of admission of Indian students to Canadian Universities.

I am very glad to have your assurance that McGill University will welcome Indian students to her halls. I am sending copies of your letter to the principals of several universities in India. Your letter will afford me much assistance in combatting the idea prevalent in India that Canada does not wish to admit Indians within her borders.

I appreciate very much your kind wishes expressed in your letter of July the 3rd and follow with the keenest interest and admiration your splendid leadership of Old McGill.

Yours faithfully,

A handwritten signature in cursive script, appearing to read "H. A. Christie".

Canadian Govt. Trade Commissioner.
