

Report for the Year 1854. Triclinic Feldspars.
Silurian Rocks. C. G. S., pp. 373-388.

1855.

Thoughts on Solution and the Chemical Process. S. J., xix, pp. 100-103. Reprinted in C. & G. E.

On the Equivalents of Some Species. S. J., xix, pp. 416-418.

On the So-called Talcose Slates of the Green Mountains. S. J., xix, p. 417.

Sur les roches magnésiennes du groupe de la rivière Hudson au Canada. Paris, Lex. Géol. Bull., xii, 1854, 1855, pp. 1029-1031.

Note sur les sources acides et les gypses de Haut-Canada. Paris, Comptes Rendus, xl, pp. 1348-1351.

Sur les volumes atomiques. Paris, Comptes Rendus, xli, pp. 77-81.

Recherches sur les eaux minérales du Canada. Paris, Comptes Rendus, xli, pp. 300-304.

Sur les rapports entre quelque composés différant par H_2 et par O_2 . Paris Comptes Rendus, xli, pp. 1167-1169.

Examinations of Some Felspathic Rocks. P. M., ix, pp. 354-363; Erd. J. P. C., lxvi, pp. 149-154.

1856.

On the Serpentine of Canada and their Associated Rocks. R. S. P., viii, pp. 423-425.

On the Parts which the Silicates of the Alkalies, may play in the Metamorphism of Rocks. R. S. P., viii, pp. 458-461; also P. M., xv, in 1858, and S. J., xxv, pp. 278-287, in 1858.

1857.

On the Origin and Metamorphosis of Some Sedimentary Rocks. C. S. ii, pp. 355-357.

On the Chemical Composition of the Waters of the St. Lawrence and Ottawa Rivers. P. M., xiii, pp. 239-245.

On the Reactions of the Alkaline Silicates. S. J., xxiii, pp. 437, 438.

Note on the Cheroke of C. U. Shepard. S. J., pp. xxvi, 27-50.

On the Probable Origin of Some Magnesian Rocks. R. S. P., ix, 1857-1859, pp. 159-164; S. J., xxiv, pp. 272, 273.

Report of Chemist and Mineralogist of the Geological Survey of Canada for the Year 1853 on Mineral Waters and Laurentian Limestones. C. G. S.

Ditto, ditto, for 1854, "On Triclinic Feldspars of the Laurentian Series," and "On Silurian Rocks."

Ditto, ditto, for 1855 "On Iron Ores and Metallurgy of Iron," "On Extraction of Salt," "On Magnesian Mortars," "On Plumbago," "On Peat and Its Products."

Ditto, ditto, for 1856, "On Parallelism of the Metamorphic Silurian and Laurentian Rocks."
