J. McKelvie, Proprietor

I SAY, JACK-

when did you buy that new top buggy? It is a beauty; I never saw such painting." "Now, Tom, to think that you got fooled like Jim Slukers; he wanted to know the same thing, so as he could take out his best girl. No, old man, I painted that myself with Neal's Acme Carriage Paints, made in Detroit. Drop into Smith & Pethicks, the popular hardware store, and buy a tin ready for use. They are selling them very cheap." "Thanks, Jack, I'll get some before I go home."
