LL previous efforts on the part of Torontonians to gather or give money to aid the work of the Red Cross have been totally eclipsed in the present whirlwind three days' campaign to raise \$250,000 for the British Red Cross Society.

Yesterday afternoon, the second day of the campaign, the total amount of collections had reached over \$215,000, and the total for the day was over \$76,000. This leaves a balance of \$35. DEFENCES TO BE ADEQUATE AGAINST ZEPPELIN RAIDERS

The duke said there was no evidence that any Zeppelin dirigible balloo had been brought down by gunfire, either on the latest or the previous raid. The Earl of Portsmouth suggested that the people of London should be advised of the approach of Zeppelins, but the Duke of Devonshire thought that such a notice would cause greater pante.

BALFOUR'S MESSAGE

Sea Power Surest and Most Effectual Protection Against World Domination.

ONDON, Oct. 20,-"Germany aims at world domination and against world domination the British fleet from the time of Queen Elizabeth to the present day has always been found the surest and most effectual protection," is the contribution of A. J. Balfour, first lord of the admiralty, to the Navy League's symposium in connection with tomorrow's observance of Trafalgar Day. Winston Spencer Churchill, ex-first lord of the admiralty and at present chancellor of the Duchy of Lancaster, writes in part:

"For six months no hostile fiag own outside the Baltic We are stronger than ever and incomparably better adapted for war conditions. The great strategic conclusions upon which our naval disposition is based have been vindicated. From its Lille, shrouded throne amid northern storms the grand fleet dominates and will finally decide the fate of the warring pination, strength and patience, will secure the victory of our just cause.

Good Days to Come on Land. "On land good days have not yet come. The valiant Russian front wears thin, the French and British offensive in the west has pierced, but has not ruptured the German fortified lines. Thru our long delays the enemy has seized a new initiative in the near east and the oriental inclination in his war policy raises new perils of ardous struggle, vast expenses, and hard privation lie before us.

"Courage! All's well with the fleet. The destruction of German military manhood is irreplaceable. Under the sure shield of the navy every mistake

tain unwearyingly the darkening conflict, and by proceeding to all neces-sary extremes and by laying aside every impediment, to rescue Britain from dishonor and Europe from ruin."
