

The Hudson's Bay Co. have a large number of lots for sale in the best part of the City of Winnipeg.

The terms of payment are one-fifth in cash at the date of purchase and the balance in four equal annual instalments with interest at 7 per cent per annum.

Prince Albert.

This town is situated above the confluence of the North and South Saskatchewan Rivers.

This town is the emporium for a large and increasing district. The Manitoba and North-Western Railway is being constructed from Portage-La-Prairie to Prince Albert, of which 80 miles are now in operation, and it is expected to be pushed on at the rate of from 50 to 100 miles every year.

A considerable amount of buildings already exist at Prince Albert including Lumber and flour mills.

The Manitoba and North-Western Railway is laid out through a country admirably adapted for the growth of cereals and root crops and for the raising of cattle. The soil generally is a dark loam from 10 to 15 inches deep. It is a rolling country well supplied with water and with a good supply of timber available both for fuel and for shelter for cattle. It is particularly well suited for mixed farming capable of yielding excellent crops of grain, roots and vegetables, and is also in every respect suited for successful cattle raising.

Portage La Prairie.

Is situated about 60 miles to the westward of Winnipeg. It is the centre of a rich farming country, and will grow as the surrounding country becomes more thickly settled.

It is situated on the main line of the Canadian Pacific Railway, and is the head quarters of the Manitoba and North-Western Railway, Portage La Prairie, is the centre of one of the judicial districts and has the country buildings erected in the town. It has also several churches, flour and saw mills, two newspapers and large grain elevators at the railway station.

Rat Portage.

Is an important incorporated town on the North Shore of the Lake of the Woods, with a population of upwards of 1000.

It has seven sawmills from which a large part of the lumber for the North-West is now being supplied. It is also the mining centre of a number of valuable gold and silver mines which have been discovered at various points in the Lake of the Woods.

The main line of the C. P. R. passes through Rat Portage connecting it with all points in Canada and the United States.

The Scenery of the Lake of the Woods in the neighborhood of Rat Portage is noted for its beauty and the place offers special advantages as a Summer Resort.

The water from the Lake of the Woods at Rat Portage descends into the Winnipeg river by falls upwards of 17 feet in abrupt depth and there is here a milling capacity equal to that so celebrated at Minneapolis.

The Town of Fort Qu'Appelle.

Is the centre of a rich and rapidly settling farming country, in the Province of Assiniboia.

It is situated on the Qu'Appelle River on which there are several beautifully situated lakes abounding with excellent fish. A large number of lots have been sold by the Company at this place.
