HEAD OFFICE Port Arthur, Ont. EXECUTIVE OFFICE . . . 65 Canada Life, Toronto.

THE PORT ARTHUR WAGON COMPANY, LIMITED, is a new Company, but will commence business under the most favorable ansfour thousand wagons per year, and having its entire output for the ensuing year already sold. The intention is to transfer the operations of the Company to a new factory to be erected at Port Arthur.

UNSURPASSED LOCATION OF PLANT.

The location of the new factory is without doubt the finest in Canada, and will be situated on the shore of Thunder Bay at Port Arthur. It is unexcelled for the assembling of materials required in manufacturing wagons and sleighs, and has a commanding position in regard to the facilities for handling its freight by rail and water, which gives the Company a great advantage over its competitors.

CONCESSIONS.

The Company has obtained valuable concessions from the City of Port Arthur, which include a grant of twenty acres of land, a 200-foot dock site, and exemption from taxation for twenty years, except local improvement and school rates. The City of Port Arthur further guarantees bonds of the Company to the extent of \$100,000.00 at 5% for twenty years.

NEW FACTORY 815 MILES NEARER THE GREAT NORTHWEST MARKET. The new factory will be fireproof, built in the most modern style, equipped with machinery embodying all the latest improvements, and thoroughly up to date in every detail, with a capacity for turning out 10,000 wagons a year. The advantages derived by the Company in locating at Port Arthur are numerous, the chief one being, perhaps, the enormous saving in freight, Port Arthur being 30 cents per 100 lbs. nearer the market than any other wagon factory in Canada. This alone gives a saving in freight of \$3.50 per wagon. Coal can be delivered from the American ports to Port Arthur at a freight rate of 32½ cents per ton as compared with 90 cents per ton to Woodstock and \$1.00 to Petrolia.

This Company has a contract with the John Deere Plow Co., Limited, of Winnipeg, for supplying its total requirements of wagons and sleighs. That Company states that its requirements for the year 1911 will be 4,500 wagons and 1,500 sleighs.

The Company has a further contract with the Tudhope, Anderson Company, Ltd., of Winnipeg, to supply it with wagons for a period of five years, with a minimum average of 2,000 wagons per year and a maximum of 5,000 wagons per year.

It is well known that thousands of farmers are annually pouring into the Northwest, and it is confidently estimated that the above requirements will be more than doubled in the near future. Last year an immense number of wagons was imported into Canada and sold in the Northwest, upon which a duty of 25% was paid.

Northwest, upon which a duty of 20% was paid.

RAW MATERIALS.

This Company will be able to obtain much of its raw material in its immediate vicinity, thereby effecting a saving of many dollars in freight. With all the advantages enumerated, it is certain that within a very short time the plant will be taxed to its full extent.

The Company has been fortunate in being able to secure the services of Mr. T. H. Speight as its Manager. He has been associated with the Speight Wagon Company, Limited, for the past eighteen years, and is widely known for his integrity and business ability.

The following certificate has been prepared and certified by Messrs. Jenkins & Hardy, of Toronto, Chartered Accountains:

H. BATEMAN FOX, ESQ.,

Secretary-Treasurer Port Arthur Wagon Co., Limited:

Dear Sir,—We have examined the books of The Speight Wagon Company, Ltd., at Markham, Ont., for the period December 1st, 1910, to July 31st, 1910, and certify that based upon the contract sale prices to the John Deere Plow Company, Limited, the net profit on its sales.

(Sgd.) JENKINS & HARDY, Chartered Accountants. ESTIMATED PROFITS

It is estimated that the sales of wagons, sleighs, wagon parts and trucks for the first year will amount to \$375,000. The profit of 14% No estimate has been taken of the saving in freight by reason of manufacturing point being nearer the market, and the closer proximity to points at which lumber can be more advantageously purchased and delivered than at Markham, Petrolia, Woodstock or Chatham, nor of any profits accruing to Company from rentals of dock, etc. A further saving will also be made by the Company by reason of its freedom from all taxation (except school and local improvement

Retail trade has been good, and a good sorting-up business in drygoods is noted. In clothing, a particular while the collection from the tengent of the past week. A steady trade is noted for groceries, and prices show little change. Seasonable hardware is moving briskly.

Seasonable hardware is m

case last year. Collections are generally fair to good.

Vancouver and Viotoria reports say there continues an excellent demand from interior points for all lines of commodities, and the season's trade will prove a record in volume. Some of the larger wholesale grocers are finding it necessary to put out extra travelers to cope with the trade offering. City retail trade is also good. Provincial industries continue busily engaged for building supplies and for metals. Collections show improvement, and there are signs that money will be fairly free thruout the winter.

Take notice that the undersigned has appointed Monday, the 17th day of October, 1910, at the hour of 11 o'clock in the forence, and the forence, and the forence, and it is Chambers, Oggoode Hall, in the City of Toronto, to pass the liquidator's accounts, declare the final dividend, settle the liquidator's remuneration, direct taxation of costs and settle reports herein.

From what I can learn, there are fine silver values being taken out of the Peterson Lake-Nova Scotia lease. Still I have not heard of any royalties being paid to the Peterson Lake Company from the Nova Scotia Co., for quite a number of months.

Poor Peterson Lake!

The Peterson Lake Company have the best directorate in their history, which augurs well for the future, but

I think it a pity that they should selze this opportunity to advertise Trethewey and Cobalt Lake and leave Peterson Lake out in the cold. Were the directors careless or were they asleep to the Peterson Lake interests?

WANTS TO KNOW WHY

Shareholder of Peterson Lake Notes a Strange Coincidence.

Editor World: In reading a publication entitled "Cobalt Daily Nugget, Mining Industrial Edition," giving glowing representations of several of the mines in Cobalt, I particularly noticed a peculiar coincidence as follows:

The Cobalt Lake Company and the Trethewey Mining Company both have extensive notices in this edition, while the Peterson Lake Silver Cobalt Mining Company is scarcely mentioned. The directorate of the Peterson Lake Company is composed principally of the same directors as the first two mentioned. For myself, I would not give the Peterson Lake Company, with Its large acreage and fine silver showings, for both of the above mentioned From what I can learn, there are
