# BEGARDING SESSION

Expect Business to Last for Five Weeks - Peace Treaty Comes First.

Ottawa, Aug. 31.-Tomorrow will see the fall session of parliament launched, and while that fact has been somewhat overshadowed in the minds of all at the capital by the festivities due to the visit of His Royal Highness the Prince of Wales there is considerable interest being shown in the legislation which may or may not secure passage before adjournment.

It is not expected that the session will be a lengthy one. The average estimate is from five to seven weeks, while recently a member of the government expressed the hope that the session would be over by the first week in October. The setting of the date for the by-elections at Oct. 27 supports this idea.

The government will be somewhat short of ministers during this sestion as the places of Sir Henry Drayton, Hon. Dr. S. F. Tolmie and Hon. F. B. Carvell will be somewhat in good style. Cards were not kept, but the prince showed greatly improved form. He swung every club in the bag with grace and skill and his driving became particularly good as F. B. Carvell will be vacant, and the opposition will again have the leader-thip of Mr. D. D. McKenzie, and Hon.

Kitchener, Aug. 31.-Tom Moore, president of the Dominion Trades and Labor Congress, and John Flett, of Hamilton, addressed a large labor meeting in the Star Theatre here tonight. A strong plea for the eight. ernment expressed the hope that the session would be over by the first week in October. The setting of the date for the by-elections at Oct. 27 supports this idea.

Tomorrow, it is expected, that the proceedings will be very brief. The governor-general will attend at 3 o'clock and deliver the speech from the throne, which, it is said, will be brief, dealing mainly with the peace treaty, and the house will adjourn until the following day, when Dr. H. P. Whidden of Brandon, Manitoba, and J. C. Mointoba of Nansimo, B.C., will be the first owner and seconder respectively of the address in reply.
