Hand Page, will be the intermediate tide any two days.

NOVA SCOTIA (15) ALMANACK.

Winter, dread Winter reigns! each joy o'ercasts;
Involved in tempests, arm'd with piercing blasts!
Nature's lock'd up! whole rivers as they run,
To flint converted, mock the feeble sun.
Enrob'd in fleecy garb, the fields are bright,
Revealing to the eye, one boundless shining white.

PHASES OF THE MOON FOR FEBRUARY, 1834.

- New Moon, - - - - 8th d. 0 h. 47 min. Afternoon.
- ☾ First Quarter, - - 16th d. 5 h. 27 min. Afternoon.
