"I was sick and ye visited me."

**DISPENSARY SUNDAY,
October 21st, 1883.**

1. The Directors of the Halifax Dispensary thank the members of this Congregation for past liberality, and again solicit a renewal of your contributions, which have helped to support this most Charitable Institution.

2. They submit a brief statement of the work done during the past year, for that portion of the community who, without its aid, would have been suffering and helpless.

Patients visited at homes.....	1,527	
" attended to at Dispensary.....	2,441	
		3,968
Consultations at Dispensary.....	5,493	
Visits by out-door staff.....	6,816	
		12,309
Prescriptions to Patients	13,497	
" for other Charitable Institutions	579	
		14,076
Teeth extracted.....	755	

2. The Directors invite and earnestly request all friends of the Institution to call at the Dispensary any day (except Sunday) between 12 and 1 o'clock, when the daily throng of applicants may be seen, and daily entries made in Visiting Physicians' books inspected. Examination of the work done will shew that this indispensable Charity is well fulfilling its Heaven-born mission to the Sick Poor of the City and vicinity and in Dartmouth, in a far more extended and efficient manner than was probably contemplated by its founders; and that even a temporary suspension of its work would be a public calamity.

4. Funds are needed for its support, continuance, and the increasing demands upon it.

5. Will you not give what you can to help its work and objects?

W. C. SILVER, Pres.
W. H. WISWELL, Secy.

"He that giveth to the Poor lendeth to the Lord."
