Katherine Tynan (Mrs. Hinson), an Irish poetess, launches a vigorous protest in London against the new styles in women's clothes. She does not believe that women generally, "who in these great days have proved themselves worthy of their men, who have given their all to the altar of their country, and given in dry-eyed and smiling," will follow the dictates of fashionable dress-makers and adopt costumes such as are exhibited in the fashion plates of women's papers.**Writing In The New Witness, Mrs. Hinson says:**  
"We may be as proud of our women as of our men; they are worthy mates and mothers and sisters of heroes. Plainly in these days we see that we are indeed sons and daughters of God. What mockery is it then, what evil jest, that takes this high moment to present our women in every paper one takes up as not men, but bachelors—for these may be beautiful—but as leering devils? Their attitudes, their figures are those of the cake-walk, the turkey trot, and other uncleanlinesses; their faces wicked as Aubrey Beardsley's nightmares, when they are not specimens from an idiot asylum. Are there alien enemies among us drawing these unspeakable creatures, these mannequins on which to show clothes which honest and noble women are supposed to wear?"**The fashions as displayed on these horrors are dreadful enough in themselves. The flare of today is hardly less hideous than the hobble of yesterday; but I have seen the hobble and doubtless I shall see the flare, worn by women so simple and dignified in themselves that they justified their garments.****Do you suppose that these debased and degraded creatures of the fashion-plates may pass into a sort of traditions—for dress has its share in the making****TOM DALY RANKS AMONG LEADERS**

Is in Sixth Place Among American League Star Batteries—Fournier Leads American, and Winsley Tops National League

Pete Winsley, a Chicago Cub outfielder, is at the top of the National League, while Jacques Fournier, a hard hitting outfielder of the Chicago Americans, is leading the American League.

Cobb is practically in second place, being only five points behind Jack Lapp, of the Athletics, who has taken part in only ten games. Crawford, Veach and Kavanagh round out a quartette of Detroit players who are in the charmed circle. Napoleon Lajoie is hitting the ball as of yore with the Athletics and has an average of .311 for twenty-four games. The following are the averages:

If you have any cutaneous blemish, don't use make-up powder or anything else to cover it up. Use often this only skin cleanser to remove the disfigurement with plain, mercuric iodine. Applied rapidly, the wax will gradually remove freckles, pimples, blackheads, moth-patches, salt-pores, red or yellow blotches, or any unsightly skin blemish. The affected cuticle is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Use the drug as you use cold cream. Remove in morning with soap and water. Many who have tried this simple and harmless treatment report astonishing results. If bothered with wrinkles or crow's feet, a wash lotion made by combining an ounce of powdered azoosine in a half pint which wash will prove remarkably effective.**McLaggan-Buchanan**

A Call to the Humanity of Canadians in Time of Fearful Distress  
Toronto, May 19—A graphic description of the terrible conditions existing in Serbia at the present time is given by Captain E. N. Bennett, commissioner in Serbia for the British Red Cross Society and St. John's Ambulance Association. Those who read what Captain Bennett says about the terrible ravages of typhus and other diseases cannot fail to realize that urgent assistance must be given if the lives of the civilians as well as the soldiers are to be saved, and if the infection is not spread all over the world.**SWOLLEN, ACHING VEINS**  
A Common Cause of Discomfort  
The army of people troubled with swollen veins is a large one, and was steadily on the increase until the discovery a few years ago that a germicide-liniment of marked value for other ailments was prompt relief from this aggravating trouble.**Since this accidental discovery, hundreds of sufferers have proven its efficiency—it has made good even in cases of long standing.****Mr. B. C. Kellogg, Boston, Mass., before using this remedy, suffered intensely with painful and inflamed veins; they were swollen, knotted and hard. He writes:—"After using one and one-half bottles of Absorbine, Jr., the veins were reduced, inflammation and pain gone, and I have had no recurrence of the trouble during the past six years."****This germicide-liniment, Absorbine, Jr., is made of herbs and safe and harmless to use, which in itself makes it distinctive. Most druggists have it or send \$1.00 to the manufacturer, W. F. Young, P. O. Box 817, Lyman, Bldg., Montreal, Can., and a bottle will be mailed to you promptly. THE RENOWNED DAVID HIGGINS in the Great Race-Track Drama  
"HIS LAST DOLLAR"**IN FOUR REELS OF PICTURES**  
THE famous racing play, "His Last Dollar," with David Higgins in the role originally created by him is the most thrilling drama of its type ever produced in America. The success of the original production was so decisive and notable that the title of the play has become a by-word in racing circles, and for many years a "David Higgins" has been commonly accepted as representing the last dollar in one's possession. In the film production David Higgins' unusual characterization of Joe Braxton, the millionaire ex-jockey, surpasses his impersonation in the stage version, and money scenes, including the exciting situations at the Stock Exchange, and the great race itself, that were only described in the play, are vividly depicted in the film adaptation.**Novelty Comedy Pictures, and WILSON & LENORE—Vaudeville**
