Compound Stratford, Ontario. — "After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young (I was married at 19) I did not know what was the matter, so let it go until I was all mundown work. Dr. MacLaren and Thomas go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having 'not a head-ache, but a brain-ache.' My mother is taking Lydia E. Pinkham's Vegetable Compound during the Change of Life and she recommended it to me. After taking two bottles I began to get a little sleep and to feel better and I have never left off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I am now able to do my work alone, but

I am still taking the Vegetable Compound as I am nursing baby."—Mrs. OMER PAUL, 49 Cherry Street, Stratford, Ontario.
