

SCHOOL SITE IN WEST END IS LEFT TO COMMITTEE

Final decision by the Board of School Trustees in the matter of expropriating land for the site of the new West St. John school building was left in the hands of a small committee, according to a decision reached by the board at the regular monthly meeting last evening. Chief Justice H. A. McKenna presided and others present were H. Colby Smith, E. R. W. Ingraham, Thomas Nagle, J. D. P. Lewis, George E. Day, Allan C. McIntyre, Mrs. Richard O'Brien, G. Herbert Green, and the superintendent, H. S. Bridges. The committee to decide the matter is made up of the chairman, Mr. Smith, and the two visitors on the west side. They will await the return to the city of Dr. J. B. M. Baxter, the board's legal adviser, before signing the papers. Other routine business occupied the time at a short session. Mrs. O'Brien was warmly welcomed on her return after a trip to Europe.

Reports from the secretary and trustee officer were received and filed. The secretary's report showed that the average attendance in the city schools for the month of March was 92.06 per cent. There were 5,712 pupils enrolled for the month. The trustee officer reported ninety-five irregular attendance cases investigated and sixteen truants attended to. Applications for positions on the city teaching staff were received from G. O. Gilchrist, Middle Sackville; R. H. Moore, River Charles; S. L. Clarke, Fredrickton; Miss Greta C. Currie, Hampton; Miss L. C. Munro, Campbellton. The resignation of Miss Vera F. Webb from the teaching staff was accepted. Dr. Mabel L. Hanington, medical school inspector, wrote concerning the need for a room in which to conduct

medical examinations for Grade II pupils at the La Tour school. The matter was referred to the visitors for this school and the superintendent with power to act. Dr. William Warwick, district medical health officer, wrote in regard to the medical inspector's report concerning overcrowding of pupils in Grade I at the La Tour school. Dr. Warwick said that the lack of ventilation in this room was detrimental to the health of the pupils. This matter also was referred to the visitors for this school and the superintendent with power to act. The matter of insurance on the steam boiler in the Newman street school was referred to the finance committee. The application of the vocational committee, presented through Mr. Nagle, for space in the trustees' building to use in connection with a vocational survey of the city in June in conjunction with the provincial vocational board was referred to the building committee. G. Herbert Green brought up the matter of raising the ceiling in one of the High School rooms and authority was granted to have the work done during the Easter vacation. Mr. Green also spoke of the need for action regarding the retaining wall at the King Edward school and, after discussion, the matter was referred to the visitors for the school to report back at the next meeting of the board. H. C. Smith moved that the trustee officer be granted \$2 per month for street car fare. He now received \$1. This was carried. After the board had carried a motion that the visitors of the schools in the city prepare a report for the building committee on the amount of repair work necessary to be done on the schools during the holidays, the meeting adjourned.

ATTACKS LONE BRIDE, SEEKING MOVIE PLOT

Masked Japanese is Fought off by Jersey Woman Armed With Umbrella.

West Orange, N. J., April 11.—Mrs. Amelia Cartheuser, 22 years of age, a bride of two months, was attacked by a masked Japanese in the Orange Mountains. In court the assailant said that he was seeking "color" for a moving picture scenario. The young woman succeeded in fighting off the Japanese with an umbrella, after she had been almost stunned by a blow on the head. The Japanese fled and Mrs. Cartheuser hurried to a house about three blocks away and notified the police. Two hours later, on a description furnished by Mrs. Cartheuser, Taiga Taj, of 841 Main street, East Orange, was arrested. When Taj was arraigned before Recorder Meeker he admitted attacking the woman and was held in \$2,000 bail for the Grand Jury. He told the recorder that he was a graduate of Washington University and also had attended Princeton. He said that he was a short-story writer and recently had been devoting his attention to moving picture scenarios. "I had been planning a movie story," he told the recorder in court. "My plot was to have a beautiful woman attacked on a lonely mountain road by a masked man, and I was so deep in this plot that when this woman came along, walking alone, I was seized with the impulse to carry out my own plot. I did not strike her hard, merely stunning her, but I was unprepared for the fight she put up, and then, fearing my impulse would get me arrested, I fled. 'I shall give you an opportunity to ponder over your foolishness,'" said the recorder as he held him in bail. Mrs. Cartheuser, who lives on North-land avenue, East Orange, was on the way to visit her father, a former official of West Orange, when attacked. She appeared in court and identified the prisoner.

School Girls' Nerves

"I give my children Nerve Food during examinations, and am sure it helps them," writes a Vancouver lady.

AFTER the long school term the children's nerves are keyed up to the highest pitch. The fear and worry of examinations are often the last straw which brings the nervous breakdown. It is usually the naturally nervous child who has the greatest ambition, and by denying his or herself the requisite amount of outdoor exercise comes up to the examinations with too little energy and vitality left. Fortunately the child's system quickly responds to such restorative treatment as Dr. Chase's Nerve Food. The blood is enriched, the nerve cells are replenished

and health and vigor is soon restored. Mr. S. F. Flarity, Wiarnton, Ont., writes:

"My daughter, eleven years of age, was in a run-down condition and suffered from a nervousness which showed a tendency toward St. Vitus' dance. I got a few boxes of Dr. Chase's Nerve Food for her, and by the time she had taken three boxes there was a big change in her. She is much stronger, and her system in general is built up. She has recovered from her nervous weakness, and you could not detect a trace of it now."

Dr. Chase's Nerve Food is in a class by itself as the most popular of nerve restoratives. 50c a box, all dealers or Edmondson, Bates & Co., Ltd., Toronto.

PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimples that break out on the face and other parts of the body are simply indications that the blood is out of order and requires purifying. There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine

BURDOCK BLOOD BITTERS and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion. Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes: "I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them.'"

DOES NO ONE WANT A SCHOLARSHIP?

New Brunswick students seem almost to be afraid of accepting a good offer for fear there should be "something the matter with it." The Imperial Order of the Daughters of the Empire has offered a scholarship of \$250 a year for three years to a son or daughter of a deceased soldier, soldier's widow, or a son or daughter of a resident in New Brunswick to enable the student to take a three-year college course at any Canadian University. There is no "string" to the offer and it is made every year. The first year Miss Belyea, daughter of Major Belyea, of the 20th Battalion, won the award for New Brunswick, but the second year no applications were received and no award was made. It is feared that this year again no award will be made, as up to the present time, only one name has been received as making application for the award and that applicant is not sure whether to accept the award should it be made. There must be several children of soldiers in the province who could apply. They must have passed the matriculation examination or be expected to pass it this term and must apply to Mrs. B. C. Foster in Fredericton.

DID NOT WANT TO LOSE HIS TWO PRISONERS

Chief of Police John A. Warren of Dunkirk, N. Y., carried away two prisoners while a detective and an attorney, with a writ, sought vainly to detain his captives. He had come to New York with warrants for George W. Post, known internationally as a confidence man, and E. S. Starkloff, charged operator, and a swindler of \$12,000 by means of the "gold brick" trick. Detective Joseph A. Daly arrested these men a few days ago, but they had since been held on the up-state charge. Warren handcuffed his prisoners and took them in a taxicab in time to board the 12:25 train at the Grand Central station. With a habeas corpus writ obtained from Supreme Court Justice Dillon, the attorney for the defendants, Samuel Furstenburg hastened to police headquarters and enlisted the aid of Daly. They were the last to get through the gates at the station, which had to be opened to admit them to the train. Their hurried search of the train to find the officer and prisoners caused a commotion among porters and train crew, which attracted the attention of Warren. He recognized Daly.

"Come into the compartment and let's have a smoke," suggested the chief of police to Post and Starkloff, who had not seen their would-be rescuers, and immediately left their seats and moved ahead to the room near by. Then Warren locked the door, dropped the key in his pocket and drew a revolver. Post, who is seventy-two years old, and Starkloff, sixty-five, are each more than six feet in height and of great physical strength despite their age. Warren threatened the defendants with the door from the aisle of the car. "I've come 500 miles to get these men and they are going back with me," shouted Warren when he was told of the habeas corpus writ. The conductor was holding the train at Furstenburg and Daly threatened Warren with penalties for his refusal to accept service of the writ, but he ignored every appeal. The train moved on, while the argument continued, and at 12:55 street Daly tried to force the writ under the door, and, failing this, he called out to Warren that the train was being held by placing it against the door. After alighting from the train at that station Daly and the attorney explained the case to Justice Delahanty. Furstenburg said he would apply for an order to show cause why the chief of police should not be adjudged in contempt of court.

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain Mulford's hair shampoo, for it is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulford's at any drug store, and a few ounces will last the whole family for months.

Simply put two or three teaspoons of Mulford's in a cup or glass with a little warm water, then moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure you get Mulford's. Beware of imitations. Look for the name Watkins on the package.
