THROUGH RAIL SERVICE ATLANTIC TO PACIFIC

Canadian National Railways Furnish Direct Connections "Continental Limited" Out of Montreal.

The finest train service to the Pacific coast is afforded by the Canadian National-Grand Trunk "Continental Limited" now leaving at 9 p.m. daily from Bonaventure station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane and via the Transcontinental to Winnipeg and by Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver—the finest of scenic routes through the Rockies and over the smoothest roadbed.

From maritime province points there is connection by Ocean Limited with the Continental Limited daily, and by the Maritime Express daily except Sunday.

The Maritime arriving in Montreal at 7.40 affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime arriving at Levis at 1.50 p.m., affords connection with train No. 11 leaving Quebec daily for Cochrane at 9 p.m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10.00 p.m. via Sudbury, Port Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal, and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents, and folders and illustrated matter may be obtained by application to any of the city ticket offices or by writing the general passenger department, Montreal, N. B.

McCONNELL & FERGUSON OPEN VANCOUVER OFFICE

Progressive Advertising Agency Now Has Coast to Coast Offices.

The growth of east and west trade in Canada has synchronized largely with the growth of the volume and quality of advertising by eastern manufacturers in the western centres.

That national trade, to be really valuable as a factor in building the nation, should be reciprocal as between east and west is an axiom in Canada. McConnell & Ferguson, Limited, a national organization for the development of markets by advertising, are putting this principle into practice by extending the scope of their organization to the Pacific coast.

After a six weeks' survey of western conditions, J. E. McConnell, president of the company, recently opened a branch of his company in Vancouver.

Hitherto Winnipeg has been the farthest western point of any of the national agencies, but Mr. McConnell came to the conclusion that a branch of their organization in Vancouver could assist very materially in extending the markets of eastern manufacturers and, at the same time, aid in developing eastern markets for B. C. products, such as fish, canned goods, fruit, lumber etc., which British Columbia is in a position to produce in enormous quantities. The east needs the trade of British Columbia, the riches per capital of all the provinces, and British Columbia needs the markets of the east.

W. H. Carewell, a man of ripe experience both in eastern and western Canada, has been placed in the charge of the Vancouver office. Mr. Carewell was for many years associated with newspapers in Toronto and Montreal, and has been in the advertising business in Vancouver for thirteen years.

McConnell & Ferguson now have offices in London, Toronto, Montreal, Winnipeg and Vancouver.

Four miraculous cures were reported at St. Anne de Beaupre yesterday afternoon, when thousands of pilgrims assembled to honor the feast of St. Anne.

There were more than 400 cures present. The first miracle was reported shortly after the first mass yesterday morning, the subject being Miss Kelly of Holyoke, Mass., who had been a hopeless paralytic for the past five years.
