

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING.

Y. M. C. I. League.
The Robins got a big start on the Eagles when they won the first point by thirty-one pins last night. For the Robins Stevens rolled a nice 108 and Stock and McCann joined the ninety class. The Eagles' sole attendant at the ninety class was Coughlan.
A rally of the Eagles brought them out on top in the second string by sixteen pins. Maher, Murray and Coughlan were all in the ninety class and the Robins had Cusack with 104 and Ramsay with ninety. The third string went to the Robins by five pins and the Eagles won the point for that pinfall, making two points each. For the Robins Stevens and Stock got ninety-eight each. Coughlan was the Eagles' lonely pupil at the ninety class.

Robins—	Total.	Avg.
McCann 90	88	74
Stevens 108	76	98
Stack 97	70	93
Cusack 82	104	73
Ramsay 80	90	83
.....	457	428

The Hawks and Sparrows are to meet tonight.

Shots at the King Pin.

The Robins were without the services of the chief rooting member and last night's game was so quiet that you could hear any one but the king pin drop. After the leadership of a league has been settled, interest slackens off in the final games of the other teams. This is a mistake, as it tends to cut down the dividend averages of some of the best players in the league.

Excitement ran high at the game in the Junior Y. M. C. I. Bowling League.

After the game the Robins took four points from the Eagles and replaced them in the lead of the league.

Sidelights On Sport

Halifax is certainly becoming a boxing centre in the maritime provinces. Some good bouts are being held weekly and arrangements are being made to line-up some of the best talent in the country.

In Philadelphia last evening Lew Teller knocked out Johnny Noye of St. Paul in the second round. Benny Leonard, lightweight champion, and Soldier Bartfield fought a draw. In Jersey City Pete Hermann, of New Orleans, world's bantamweight champion, fought Mickey Russell in an eight round bout.

Waldo Whysky turned the tables on "Strangler" Lewis in Boston last evening when he defeated him after a half hour's wrestling. It looks as if the former is due for a come back, while the latter shows signs of slipping.

Now that the football season is practically over, hockey will step into the gap and reign supreme until ousted by baseball next spring. The magnates in upper Canada and on the Pacific Coast are having trouble lining up their stars this season.

Fred Fulton has arrived back in America and is out with a deft for Dempsey. Fans cannot see Fulton when they talk of the heavyweight title. He had his chance and was found wanting. The winner of the Carpenter-Beckett fight will undoubtedly be Dempsey's next big opponent.

Acadia, and U. N. B. have not as yet settled the question of supremacy for the season of 1919 and there is little hope now of deciding which is the better team. While the weather would be favorable it would be a bit cold for spectators, and in addition the ground would not be fit to play on.

old, richly bred, and with a record of 2,164, made this season on a half mile track. The purchase price was \$750.

Bay Moko stands 12 1/2 hands high. He is owned by the late Mr. J. H. Lee, of the Real Estate Co., (the champion two and three year old), dam Giddy Lee (dam of Lee's Lady, 2,033, the champion trotting stallion) by the great Bingen. Not only Mr. Keith, but the breeding interests of the provinces are to be congratulated on having such a well bred trotting stallion come to Nova Scotia.

Between Partners
It was last morning when Dick's partner looked up at the office door. "Walking the floors again, Dick?" Dick glowered. After a while he said, "I don't see why in the name of Heaven I have one heavy cold after another, and you have none. This confounded weather and that drafty old station is enough to give any normal person a cold."

"You needn't get excited about it, Bill," said Dick. "Just be sensible. The trouble is you never think about a cold until you are sick and then you're as pleasant as a bear with a sore head."

"Yesterday afternoon I had the beginnings of a cold," Bill went on. "I was sneezing and my head began to throb. Well, I started taking 'Wesley's' Cold Tablets. Always keep a box at home and in my desk station. Just be sensible. The trouble is you never think about a cold until you are sick and then you're as pleasant as a bear with a sore head."

MOVIE TO PREVENT IMPROPER PERFORMANCES IN LONDON

London, Nov. 28.—The Bishop of London, who says he enjoys a good play as much as anybody, presided at a conference the other day of representatives of theatrical managers, authors, actors and critics.

It was held at the instigation of the London Council for the Promotion of Public Morality to consider the best means for preventing improper public performances.

The bishop said the council was not in the slightest degree opposed to theatres or music halls. The people needed entertainment and a good laugh was good for everybody. "But what we will not tolerate," he added, "is filth." We are not going to have people go to theatres to hear things which will degrade them.

"The Christian people of London intend to put a stop to that sort of thing. We fully believe the great majority of managers, authors and actor-managers are also anxious to stop it, and it is the wish of the great acting profession that filthy performances should be given in London."

Sidney Valentine, president of the Actors' Association, said the tendency of the theatres lately had been downward.

CANADIANS' WORK IN NORTHERN RUSSIA

Major D. King Hazen spoke before the Canadian Club in Bond's last evening on the Allies' venture in Northern Russia. More than seventy-five members of the club were present and greatly enjoyed the story of the part played by Canadians in the far north during the last days of the war. A. M. Belding
