ARCHIE WALSH, CHAMPION
CANDLE PIN BOWLER,
HERE FOR CELEBRATION
Will Compete Against Local Bow-
lers at Y. M. C. I. Anniversary
Wednesday Evening—Was in
U. S. Navy
Archie Walsh, one of the best candle
pin bowlers of the world, arrived in
Canada yesterday to take part in the
anniversary celebration which is to take
place in the Y. M. C. I. building to-
morrow night. He will compete against
Thomas Cosgrove, president of the
senior Y. M. C. I. League, and Harry
Sullivan and Sullivan five each.
Archie was warmly welcomed when
he arrived on the Boston train yester-
day. He is looking in the best of health
after many months' service in the United
States navy and is a bit heavier than
he was when he was assisting in ship-
ping the Huns away from the shores of
Canada. The patrol ship to which he
was attached made several trips into
the Bay of Fundy and on more than
one occasion put into Yarmouth, N. S.
During this time Archie did his bow-
ling with the knowledge of the game, his
natural shooting ability and his great right
arm are all coming to the fore again and
local fans can rest assured that they
will see a good exhibition.
Archie brings word that Geo. Mac-
gregor, popular manager of the Y. M. C. I.
alleys, is in the best of health after
several months of service in the navy.
An invitation was sent to him through
Archie, but as the latter was not in Bos-
ton at the time he received the tele-
gram he was unable to get in touch
with George.
Archie Walsh is a St. John boy, hail-

Specks Floating Before His Eyes

When specks start to float before the
eyes, when everything turns black for a
few seconds and you feel as if you were
going to faint, you may rest assured that
your liver is not working properly.
The essential thing to do in all cases
where the liver is slow, lazy or torpid, is
to stir it up by the use of a medicine
that will clear away all the waste and
poisonous matter from the system, and
prevent as well as cure all the troubles
arising from this accumulated mass
which has collected in the system.
Keep the bowels open by using Mil-
burn's Laxa-Liver Pills and you will
have no liver trouble of any kind. They
will clear away all the waste and effete
matter which has collected and make the
liver active and working properly.
Mr. John R. Morrison, Grand River-
ville, N. S., writes: "Several months
ago I was troubled with poor stomach,
and had specks floating before my eyes.
I took five vials of Milburn's Laxa-Liver
Pills which cured me and cleared my blood
before any length of time. I told my
friends about it and they got some, and
they, too, find themselves different since
they took them. I recommend your
pills very highly."
Milburn's Laxa-Liver Pills are 25c a
vial at all dealers, or mailed direct on
receipt of price by The T. Milburn Co.,
Limited, Toronto, Ont.

GILLETTE SAFETY RAZOR CO.
AFTER FOREIGN TRADE
Closes the Best Year in Its
History
The Gillette Safety Razor Company of
Canada gained 100 per cent. and razor pro-
duction 801 per cent. in the same period. It
was also announced that the company's steel
plant in Sweden was now able to supply
steel in unusual quantities while ship-
ping facilities were being approached
normal permitted them to ship goods to
foreign countries and go after business
in a more energetic manner than has
been possible during the four years of
war.
Possibly the most interesting an-
nouncement made was that in connection
with the company's export business. Our
government and our various financial in-
stitutions have been urging the manu-
facturers of the Dominion to go after
an export business. This the Gillette
Company is doing in a most thorough-
going manner. It is interesting to note
that the soldiers from British and allied
countries who used the Gillette razor
during the war are asking for the same
article now that they have returned to
their former homes and it is largely to
meet this demand that the firm are
launching on a big overseas campaign.
To take care of this increased foreign
trade and at the same time to handle
their growing Canadian business will

HAD SEVERE COLD AND TICKLING SENSATION IN THE THROAT

This trouble is most distressing, and is
caused from a cold that has settled in
the throat.
How many people have lost a good
night's sleep by this nasty, tickling, ir-
ritating sensation in the throat?
The dry, hard cough keeps you awake,
and when you get up in the morning you
feel as if you had had no rest at all.
Dr. Wood's Norway Pine Syrup,
which is composed of the most soothing
and healing expectorant herbs and barks,
combined with the lung healing virtues
of the world-famous Norway pine tree
will give almost instant relief in all cases
of this nature.
Mrs. G. C. Roubey, Bright, Ont.
writes: "I take great pleasure in writ-
ing you of Dr. Wood's Norway Pine
Syrup.
"Several weeks I was troubled with
a severe cold, and a tickling in the
throat. I tried many remedies, but
found no relief until I used Dr. Wood's
Norway Pine Syrup, which I had heard
so much about, and on taking one bottle
I got instant relief. I highly recom-
end it to those who need a quick cure."
So great has been the success of Dr.
Wood's curing coughs, colds, bron-
chitis, etc., it is only natural that many
imitations have been placed on the mar-
ket. The genuine is put up in a yellow
wrapper; three pine trees the trade
mark; price 25c and 50c. Manufactured
only by The T. Milburn Co., Limited,
Toronto, Ont.

RECENT WEDDINGS
MacCallum-Evans.
A pretty romance which had its in-
ception amid the stress of strenuous war
endeavors in England culminated in a
wedding on the West Side yesterday
afternoon when Rev. W. R. Robinson
wedded in marriage Captain Andrew
MacCallum, Montreal, and Miss Elsie
Evans, daughter of Mr. and Mrs. Evan
Evans, of Carnarvon, Wales.
The bride and groom were guests of
Laurie MacCallum, marine superintendent
of the Canadian Pacific railway, and
Mrs. MacCallum, at whose home, in Gun-
nery Bay, the ceremony was performed
at 4 p.m. The double ring service was
used.
Those present included Mr. and Mrs.
Firth Brittain, Mrs. Duncan Campbell,
Miss Audrey Campbell, Mr. and Mrs.
McGillivray, Captain Clancy of the C.
P. R. Luncheon followed the ceremony.
The happy pair left on the Boston train
last evening for Cape Cod, and will
be in Montreal on Monday.
Captain MacCallum went overseas from
Montreal with the 35th Field Artil-
lery and after service in France was
promoted to the headquarters staff in
England. He was recently sent to Mon-
treal as manager of the wireless com-
pany.
Miss Evans was engaged in patriotic
work in England while Captain Evans
was doing military duty there and in
France. They met when they decided to
get married. Captain MacCallum came
to Canada and arrangements were made
for the wedding.
Howard-Patterson.
Marysville, N. B., Jan. 25.—The home
of Mrs. M. A. Patterson, Allen street,
was the scene of a very happy event last
evening, when her daughter, Virginia
Edna, was united in marriage to Gun-
ner W. H. D. Howard of the 6th Siege
Battery. The ceremony was performed
by Dr. Harrison in the presence of rela-
tives and a few intimate friends.
The happy pair were seated at the
sumptuous wedding supper. The
groom's present to the bride was a
beautiful ring set with pearls and to
the bridesmaid a set of gold cuff links.
The bride was the recipient of many
beautiful presents, including a cheque
from the groom. Mrs. Howard is the
granddaughter of the late Alex. Pat-
erson, Jeweller of St. John. The groom is
the son of A. C. Howard of St. John,
and went overseas in the fall of 1911
with the 6th Siege Battery, and saw a
lot of heavy fighting in France; he was
twice wounded and was also shot.
He returned to Canada in December
last. He is taking a course in
plumbing and steam fitting at the vo-
cational school and may locate here
after he has finished his course and re-
ceived his discharge.
Leamen-Leamen.
At Mr. Leamen's home, Moncton,
Wednesday evening last, Mrs. Susie Len-
man became the wife of Alfred Bliss
Leamen.
Thompson-Milton.
At the home of Mr. and Mrs. J. A.
Bailey, Moncton, on Thursday evening,
Jan. 25, Rev. E. H. Cochran united in
marriage Miss Isabel Milton and Wil-
liam Thompson.
MANIAC KILLED THREE.
Philadelphia, Jan. 27.—With a loaded
revolver in each hand, a man who gave
his name as "Omega, son of Jesus
Christ," ran amuck through the streets
near the centre of the city today, shoot-
ing in every direction as a big crowd
tried to capture him. Before he was
finally overpowered and beaten into in-
sensibly by a motorcycle policeman he
had shot and killed three men and
wounded five others, two of them seri-
ously.
The dead are—Thomas Holloran, an
employee of the Philadelphia Rapid Trans-
it Company, John Knox and George
Diagall, policemen.

Plea For Welfare Work Among Girls

Miss M. E. Ratte delivered an inter-
esting address in St. Andrew's church
last night to a mass meeting of women
on the subject of rescue work for women.
Prevention is always better than cure,
Miss Ratte said, and it can be done in
various ways. In the past the Y. W. C.
has been the only organization caring
for girls along these lines and while it
has done excellent work, it is not pos-
sible for the association to do all that
is necessary, nor it is right that a few
people should bear the responsibility for
the material, moral and spiritual wel-
fare of all the girls. Miss Ratte said
that the employers of girls should be
made to realize their responsibility in the
matter and should see to it that each
girl has a suitable place to live in and
is well sufficient to supply her needs.
Of women's use of their new privilege,
the franchise, she said that though she
had never asked for the vote she con-
sidered the exercise of it a great re-
sponsibility and a girl should be pre-
pared to use it for party politics and Union
government, had she proved unsatisfac-
tory in her opinion. Their platform
must stand for all that would elevate,
purify and enlighten and must bring
legislation for the betterment of Canada.
The elimination of slums, the most pow-
erful cause of most vice, the amendment
of the criminal code, the establishing of
juvenile courts and the enactment of
prison reforms were some of the prin-
ciples for which she said the women
must make their stand. She also saw
the greatest need for immigrant girls to
be received in Canada with more thought
and care and for some suitable place
not being made for each individual. She
said that the highest praise for Canadian
girls and the British immigrants and
said that she had never found any wom-
an who was improved by prison life,
rather that all women could be bet-
ter reached by personal interest and care.
Of the rescue work in the dominion
Miss Ratte told some very interesting
accounts of actual cases and to her great
credit it can be said that in the home
of Ontario where she has been working it
was known that seventy-five out of
eighty girls who left the home had made
good citizens and the other five had prob-
ably done so, too, but no record had
been obtained concerning them. She
said that there was never enough room
in any of the homes throughout the do-
minion for a great source of good. Miss
Ratte said that in all rescue work re-
ligious teaching was the chief means of
approaching the girls and women.
Mrs. E. Atherton Smith presided at
the meeting. A pleasing solo was ren-
dered by Mrs. Stanley Harrison and sev-
eral hymns were sung. After a vote of
thanks had been tendered the speaker
Mrs. Willard Smith made some strong
pleas for books and magazines for the
library of the St. John Church Hospital.

WINE AND ITS WORK.
To the Editor of "The Times-Star":
Sir,—The ablest scientific men of Eu-
rope are practically a unit in their state-
ment that wine-drinking in all the
wine-making parts of Europe has be-
come a curse and should be stopped.
This is especially true of France, where
physicians, life-long residents of that
country, declare with practical unanim-
ity that much the greater part of the
need requiring their attention is the re-
sult of the use of alcohol. Children at
school have their "blue Mondays" be-
cause of drink. "The anti-alcohol move-
ment in Europe" states that a teacher
asked a pupil on a certain Monday,
"What did you do yesterday, child?"
and received the reply, "I was drunk
with my mother and grandmother."
Before the war a German scientist
recorded this terrible fact—that one
can scarcely pick up a German news-
paper without reading of a woman as-
saulted or beaten to death by a drunken
person. And another scientist declared
about the same thing—"The carnal at-
tacks on children, which have fright-
fully increased, are generally committed
in an alcoholic state, and even if the
criminal is not actually drunk, alcohol
has prepared the ground for the deed."
"Who more drink wine? Simply be-
cause of the alcohol that is in it. Does
any sane person actually believe, as
one asserts, that wine-drinking can be
promote social order when its effects in
wine-drinking countries are of the char-
acter described?"
Vance Thompson, not an extremist,
says: "Let there be no doubt about it:
the wine way to drunkenness is like
any other. You say it is cleaner, with
gay prospects and brighter skies?
Nine-tenths of that wine-drinking can
be explained by second-rate, brandy-
boozed poets. It is not a clean way
if you have followed the trail of the
wine-drunk home-faring."
J. H. HAZLEWOOD,
Dept. of Social Service,
Jan. 22, 1912.

FOUGHT IN MANY FIELDS.
Corporal H. D. Bascombe, of Nassau
(N. E.), who arrived in the city yester-
day on the steamer Minnedosa saw com-
patriots in the world since he left the
West Indies in 1915. He went to Eng-

land with the first Bahamas contingent
and was sent to Egypt with the second
service battalion, British West Indian
Regiment. Later he went to Palestine
and served nearly two years in the cam-
paign. He was in several brisk fights
with the Turks, but was not wounded.
He was with the army which marched
into Jerusalem after the Turkish sur-
render of the city.
He left for home via Egypt, Italy,
France and England, and last evening
he left for New York to take a steamer
for his home at Nassau.
