

4 Modern Musketeer" An ARTCRAFT Picture

DOUG pulls amazing feats in the grand canyon of Arizona. Possibly you got some hint of them in one of the recent issues of "The Ladies' Home Journal." What he does is almost unbelieveable.

Purposes—Fight at St. Paul July 4.

St. Paul, Minn., April 22—The Minnesota boxing commission, after a conference with Col. J. C. Miller late today, voted unanimously to approve the proposed Willard-Fulton fight at St. Paul on July 4.

The commission and Colonel Miller rached an agreement whereby Willard and Fulton will receive their share of the fight in Liberty bonds bought at par in the Twin Cities. Colonel Miller agreed to give 12½ per cent of the gross receipts to the Red Cross or the government recreation fund and he also agreed to donate 25 per cent of all money received from the fight pictures to the war recreation fund.

Although Alfred had arrived at the age of twenty-one years he showed no inclination either to pursue his studies or in any way adapt himself to his father's business, according to Tit-Bits. "I don't know what I will ever make of that son of mine," bitterly complained his father, a hustling business man. "Maybe he hasn't found himself yet," consoled the confidential friend. "Isn't he gifted in any way?" "Gifted?" queried the father, "Well, I should say he is! He ain't got a darned thing that wasn't given to him." He ain't got a darned thing that wasn't tively few dogs come to the pound now.

brought in, while in January of this scarcity of animal feed, raised several O'Dwyer of the city court yesterday in answer to an order directing him to show cause why he should not be punished for contempt of court. Andrew J. Coakley, former pitcher, got a judgment for \$317 against Kauff for premiums on an insurance policy and the judgment was returned unsatisfied. Kauff was directed to appear on March 14 and testify concerning his property, but went on a trip to Ohio instead.

Kauff told Justice O'Dwyer that he

Are Better Shaves Worth A Five Dollar Bill?

While a man can stand for one poor shave, a steady run of them gets on the nerves, and spoils his temper and his efficiency. There's no reason in the world for putting up with them, either, when five dollars will buy a Gillette Safety Razor.

The Gillette positively guarantees shaving comfort every morning, year in and year out. It saves time—you can shave with it in five minutes! It saves every face, for you can adjust it with a turn of the handle to suit any sort of a beard. The

Gillette Safety Razor

works so smooth and easy -shaves with never a pull or gash - and no honing, no stropping! If there is anything that will add five dollars worth to your personal daily comfort, it's the Gillette Safety Razor! Ask any one of the millions of men who are using it. Then ask your Hardware Dealer, Druggist or Jeweler to show you the different Gillette Sets.

CHARLIE CHAPLIN

DEFECTS IN FLIERS

That a startling percentage of men now being accepted for air service have hidden physical weaknesses that may prove their undoing, is indicated by new scientific tests that have been made on a large number of newly enlisted airmen, says John Anson Ford in the May Popular Mechanics Magazine. These tests, which reveal so much of vital import for our armies, have been made by a Chicago specialist, Captain Charles Moore Robertson of the Medical Reserve Corps, who has fitted up for the purpose a cabinet in which each filer-to-be was placed and subjected to atmospheric conditions identical, so far as pressure is concerned, with those obtaining in flying, the air being rarefied by means of a power-ful pump.

Each man was examined both before

Each man was examined both before and after being confined in the cabinet, each examination consisting in taking the blood pressure, ascertaining the muscle tone by measuring the duration of one nerve impulse with a dynamometer and stop watch, and in revolving the subject in a pivoted chair.

The records show that the first exami nations gave no indication of the condi-tion that would exist after the "flight," over 25 per cent of the men proving un-fit, according to these tests. For this reason, it is strongly contended that a most serious mistake is being made in accepting men for air service merely on the basis of a physical examination made without taking into account the effect of sudden changes of air pressure.

on Sunday night and some taken from the till.

TROUBLED FOR YEARS WITH BRONCHITIS WOOD'S NORWAY PINE SYRUF GAVE INSTANT RELIEF

Bronchitis is a disease which is very prevalent during the late winter and arly spring, when there are sudden atnospheric changes. It is a condition of nflammation of the bronchial tubes which produces mucous or phlegm. This withten the threat and causes was to ritates the throat and causes you to ough in order to get rid of it. The ough may be tight or loose, according i to whether this mucous is sticky and and to remove, or soft and easily ex-
