LIQUOR ACT ENFORCEMENT FLAUNTED

HYDRO MATTERS DISCUSSED BY C. D. RICHARDS

Opposition Leader Asks For Grand Falls Power Cost

LABOR MEN MEET

N. B. Federation Prepares Legislation To Be Asked For At Session

By D. LEO DOLAN

FREDERICTON, March 17.—Hydro development in New Brunswick, and more particularly the proposed Grand Falls project, was discussed by C. D. Richards, leader of the opposition, in resuming the debate on the address in reply to the Speech from the Throne, in the Legislature this afternoon.

Mr. Richards called upon the Government to give the people of New Brunswick some idea of the expenditure which will be necessary at Grand Falls, and declared that the Musquash development had not proved the wonderful success its supporters claimed it to be.

Liquor Act Enforcement

The leader of the opposition also took occasion to refer to the New Brunswick prohibitory law, in the course of an address of almost two hours in length, and he was rather outspoken in his criticism of the manner in which the act is being enforced in New Brunswick.

There was a large attendance of members. Hon. Dr. Hetherington, Provincial Secretary, who was unable to attend the opening, owing to the critical illness of his brother, Dr. G. E. Hetherington, of Cole's Island, took his seat in the House for the first time.

Labor Federation Meets

Today the New Brunswick Federation of Labor is in session here, with delegates present from all over the province. Members of the Federation executive told your representative that a committee from the convention would wait upon the Government on Thursday to submit the labor legislation which they desire enacted in New Brunswick.

The Federation will ask what progress has been made by the Commission which has investigated the Mothers' Allowances and will also urge the enactment in this province of a minimum wage for women, which is now also a matter of investigation by the same commission. Some amendments to the Workmen's Compensation Act will also be proposed, so delegates said, but as yet the nature of these is undetermined. About 40 delegates are attending the convention, including representatives from the Longshoremen's Association in Saint John and labor organizations in Moncton, Fredericton, Chatham, Campbellton and McAdam.

Temperance Alliance

The New Brunswick Temperance Alliance opens its annual convention here tomorrow night and will probably be in session for two or three days. Rev. Thomas Marshall, secretary, told the Times-Star that the executive had not as yet made any decision regarding a conference with the Provincial Government, but there is a possibility that the convention will appoint a committee to meet the Premier and his colleagues, when matters relative to the New Brunswick Prohibitory Law will be taken up. "The Alliance will again urge upon the Government a better enforcement of the prohibitory law," said Rev. Mr. Marshall. "We believe that an improvement along this line could very well be made in this province."

Agast Public Ownership

FREDERICTON, March 17.—It is understood that C. D. Richards, M. L. A. for York and House leader of the opposition, will today oppose the public ownership policy in connection with the proposed Grand Falls hydro development.

Mr. Richards is said to favor the development at Grand Falls by private interests, but with the Government exercising a supervision of the project. It is Mr. Richards' contention that the Grand Falls development will entail too great an expenditure to leave over to the Provincial Government.

The opposition members held an earlier caucus this morning when the hydro question was discussed.

CHIEF COUNSEL FOR B. C. BACKS PETERSEN PLAN

McGeer, K. C., Flays Vancouver Trade Board Opposition

FOR HOME PORTS

Declares C. G. M. M. Boats Should Be Concentrated On Pacific Trade

By Canadian Press.

VANCOUVER, March 17.—The proposals of the Federal government regarding the Petersen contract on the North Atlantic were upheld yesterday by G. G. McGeer, K. C., chief counsel for British Columbia in the freight Laurier Club. The speaker took to the task the Vancouver Board of Trade and Vancouver members of the House of Commons, for their opposition to the scheme.

Says Scheme Good One

Pointing out that the North Atlantic Shipping Conference discriminated against Canadian ports, not only in the matter of outgoing freight rates, but also in the matter of incoming freight rates, Mr. McGeer looked upon the Petersen scheme as a good one, and suggested that as the Canadian Government Mercantile Marine vessels were unutilized for North Atlantic trade, this fleet should be concentrated on the Pacific in an effort to control grain and lumber rates.

The speaker prefaced his remarks with a demand that the Board of Trade and Commissioners for a decision on the freight and express rate cases.

Delegation To Ottawa

VANCOUVER, March 17.—A delegation representing the Vancouver Board of Trade, headed by A. M. Dollinger, president, will leave Thursday evening for Ottawa, where it will appear in conference with parliamentary representatives early in the week to give the Peace River country an outlet to the Pacific coast. The delegates will recommend against the proposed subsidy of ships by the government to break the alleged Pacific blockade.

Opposition to the government plan was recorded recently by the council of the Board of Trade.

ALTA. MINERS AND OPERATORS MEET

Question of New Agreement Will Be Placed Before Men, Says President.

By Canadian Press.

CALGARY, Alta., 17.—Representatives of the Western Canada Coal operators and of the United Mine workers of America, District 18, will meet in a joint conference on the economic situation today. The two parties met in an unofficial conference yesterday, and discussed the possibility of holding a formal conference.

President's Statement

J. Shanks, president of the Western Canada Coal Operators, stated last night that the operators had no idea of repudiating their agreement with the miners, but intended to lay before them the economic situation and let them consider whether they wish to approach the operators with a suggestion looking to the possibility of opening negotiations with a view of coming to a new agreement.

"We are working the mines one or two days a week; we are losing money, and the miners are losing money. Neither want such conditions to continue, but under the present conditions there is no help for it. Very shortly the Canadian Pacific Railway is going to place on the market a contract for 900,000 tons of coal at a price which we cannot meet under present conditions. This is practically one-third of the total tonnage of steam coal mined weekly in the last three years, and it means much work if we can get it."

In addition to the four mentioned from Glace Bay the name of Donovan was also included in the telegram. This is taken for Louis Donovan of this city, who turned professional some time ago.

MONTREAL HOLDS GRAIN EXPORT HONOR

Canadian Port Traffic in 1924 Showed Big Margin Over New York.

TORONTO, March 17.—Speaking to the Transportation Club of Toronto, last night, R. C. Maclellan, President of the Foreign Commerce Club, and vice-president of the Traffic Club of New York, stated that first honors for volume of grain handled in 1924 go to Montreal. Mr. Maclellan quoted figures to show that New York with its rapidly growing harbor facilities, handled some 106,000,000 bushels of grain during the past year, while Montreal disposed of 167,000,000 bushels, a margin of more than 60,000,000 bushels for the Canadian port.

HUSBAND AND WIFE BURIED TOGETHER

Double Funeral For Mr. and Mrs. Joseph Kingston at Fredericton Junction.

A double funeral of an aged couple took place yesterday at Fredericton Junction when Joseph Kingston, a pensioner of the C. P. R., aged 88 years, and his wife, aged 94, were laid to rest. Both he and his wife were attacked by influenza and Mrs. Kingston succumbed on Thursday while Mr. Kingston passed away on Sunday. The double service was conducted by Rev. Mr. Corey, of Hoyt Station.

Mr. Kingston has been a pensioner of the C. P. R. for the last 23 years. He was engaged in railway work since he was a young man and was in the maintenance of way section of the railway service when he received his superannuation. Both he and his wife were great favorites and their loss is severely felt by the community. Members of the maintenance of way employees of the C. P. R. attended the funeral.

MUSQUASH COST TO DATE \$3,245,390.95

Premier Gives Figures of Expense and Current Supplied to Saint John.

(Special to The Times-Star.)

FREDERICTON, March 17.—Replying to an enquiry last week by C. D. Richards, leader of the Opposition, Premier Veniot stated in the Legislature this afternoon that the cost of the hydro development at Musquash to date was \$3,245,390.95.

Regarding the amount of current supplied to the City of Saint John, he said that in May, 1923, none was delivered; in June, 1923, 333,333 k.w.h. and each month since that date 833,333 k.w.h.

Declares Wolves, Trap-Shy, Can Only be Got by Shooting

PORT ARTHUR, Ont., March 17.—In 17 years of trapping in Northern Ontario Thomas Hutchings, of Graham, has killed and collected about 100 on 118 wolves. Mr. Hutchings is in the city today with the skin of an immense timber wolf, which he shot near Graham two weeks ago. He bears out the statement made by other trappers, that wolves are not taking bait or going near traps any more. The only sure way of killing them is by shooting.

Baby Volstead Is Named 'Gin'

United Press.

NEW YORK, March 17.—Mr. and Mrs. Richard Volstead's new baby has been named "Gin." Mr. and Mrs. Volstead are the elderly couple in the Central Park Zoo. Because they sometimes did not even drink water for days at a stretch, their keepers named them Volstead. A wobbly little animal has arrived in the Volstead corral and henceforth will be known as Gin Volstead.

CHURCH EVENTS MAIN ONES FOR ERIN'S DAY HERE

Shamrock Much in Evidence in Streets Of City

THE IRISH FAITH

Text Of Eloquent Sermon By Father Boyd In The Cathedral

"The dear little shamrock" enjoyed prominence in Saint John today in honor of St. Patrick, the patron saint of Ireland. The dainty trifolium was much to be seen in the handbaths of those of Irish descent, or worn as a boutonniere. Green, also, was noticeable in the decorations of some of the store windows. There was no procession this year, nor has there been for some time; neither is there any society dinner, a feature that was outstanding in the celebration of this day some years ago.

Services in the Catholic churches and entertainments for the benefit of the orphans were the special events of the day.

At the Cathedral

Solemn high mass was celebrated by Rev. William M. Duke, who was assisted by Rev. E. P. Reynolds as deacon and Rev. J. E. Brown as sub-deacon. The Lordship Bishop E. A. LeBlanc and Abbe Casgrain were in the sanctuary. Green was gracefully draped about the pulpit and elsewhere, and each of the 40 or more altar boys in the sanctuary wore a bow of green ribbon on his surplice. Before and after the mass and at the offertory the organist, Arthur B. Gosson, played tastefully Irish airs, as has been a Cathedral custom for many years.

Faith of the Irish

The sermon preached by Rev. Charles Boyd from the text "Without faith it is impossible to please God,"—Hebrews 11, 6.

"In his book 'The Soul of Ireland,' beautifully and eloquently written," said the preacher, "Father Lockington relates this story of a poor Irish girl whose priest found at the point (Continued on page 10, first column.)
