THE "IMPERIAL" Marine Motor Engine

"The Motor that Makes the Mark."

Well Designed
Well Built
Well Equipped

The "Imperial" is manufactured by a well known and reliable firm of Iron Founders. They also manufacture Steam Engines, Boilers, etc., in a city where living rates, taxes and labor are cheaper than in most cities. They are thus enabled to furnish a

Higher Grade Motor and Better Equipment

for the price charged than most manufacturers.

The "Imperial" has been especially designed for the use of Fishermen, and is guaranteed by the manufacturers to be well built of the best material obtainable, and if properly installed and operated to give good satisfaction.

The "Imperial" is extremely simple in design, and all parts are easily accessible. The most improved muffler, giving the least possible noise, no heat, no muffler explosions, no back pressure, etc., is supplied with "Imperial" motors.

You can run the "IMPERIAL" slow enough to set fishing gear or to fish on a line without any back-firing or other fuss. This engine has some other special features.

I have cancelled all my sub-agencies, and I will in future sell only the "Imperial," having been appointed by the manufacturers as their Agent for Newfoundland.

In order to introduce the "Imperial" to the Fishermen of Nfld. I am quoting a very special price on 3, 4, 5 and 10 h.p. for this season. Call and see engine, or write for full particulars and special price.

Prohibition Results

Since our last issue the counts from Twillingate and Fortune Districts have come in. The electors of Twillingate District deserve praise for the noble stand they took on the question. They stand as the banner district of Newfoundland, having polled 3552 votes in favor of Prohibition.

It makes us here in St. John's District feel ashamed of the vote we polled. Out of a vote of 2034 we only managed to get 1176 votes for Prohibition. Only 1360 electors voted. And while we had a fair majority of the votes cast in favor of Prohibition, we came short of the 40 per cent. requirement by 38 votes.

In justice to the western part of the district, however, we must say that the fault is not ours. The St. John's Standard freely admits that Harbor Grace proper is chiefly to blame for the District being in the West column. We are afraid too many Harbor Gracians allowed the proverbial red herring to be drawn across their trail. They allowed jealousy, bigotry, and too many other small and minor matters to influence them. Lack of organization and unity we understand was another cause of their failure.

One would think that the residents of that section would be so disgusted with the shenanigans that have been altogether too common there during the past three or four years that they would rise to a man and wipe the traffic out of existence.

Fortune District done better than was expected and gave 1091 votes for Prohibition, or 49 over the required 40 per cent.

The St. John's count is yet to come, and it is almost taken for granted that Prohibition will win, 685 votes only being wanted from that district to give the total number of votes required, viz 24581.

The Guardian stands with the Daily Star in demanding that all the facts in connection with P. T. McGrath's attacks on Capt. Montgomerie and the Reserve Force Committee be given to the public so that they may judge for themselves. There has been too much concealment and white-washing in this country.

Shipping Notes

The schr. Florence, Philip Snow, master, bound here from St. John's with a full general cargo, reached the entrance to Bay Roberts on Tuesday morning just as the storm of wind broke. The wind tore her canvas, and this forced the skipper to run for Portugal Cove, which he reached all right. He dropped the anchors and the vessel rode out the storm in safety.

The schr. Rattler, John Charles Mercer, master, was on her way to Trinity Bay for a load of wood when the storm broke. She arrived safely in Little Catalina.

The schr. Swallow, John Bowerling, master, left Seldom-Come-Bay for Bay Roberts Monday afternoon. She had on board about 15 persons, including some women, and about 1300 qts. fish. She must have encountered the storm, but at this writing it is not known whether she succeeded in making a harbor or whether she was driven to sea. Messages have been sent to various places but no replies have been received concerning the vessel's whereabouts. The telegraph lines are down in some places, and this may account for the absence of news. If she was driven to sea and lost her canvas it will take some little time to make land again. News of the Swallow will be anxiously awaited.

30,000 Bulgars Repulsed by French at Corna River

Salonika, Nov. 17.—General Sarail, Commander-in-Chief of the French army in the Balkans, has announced the result of a 36-hour battle at Corna River, in Southern Serbia. He declares that thirty thousand Bulgarians were repulsed along the whole line with very heavy casualties, and that not one French gun was lost. Austro-German effort to envelope Serbian armies north, it is also announced, have failed. A Serbian counter-offensive is proceeding successfully.

Victor Dawe has arrived in England from France to receive treatment for his eye which was injured some time ago.

WAR NEWS

The Governor, Newfoundland: London, Nov. 16.—France: In Artois, after a further attack in the Labyrinth, the enemy left over 200 dead. Artillery actions in Soissons and Argonne have become more sustained.

Russia: The enemy have been further repulsed on the Riga front but have made some progress in the region of the River Styra. During the past month the Russians have captured 50,000 prisoners, 21 guns and 118 machine guns.

Italy: Further progress in the Corso Plateau; about 300 prisoners captured.

Serbia: Enemy reports claim capture of 7,500 prisoners and 12 guns.

BONAR LAW.

Note of Thanks

Messrs. James, Richard and Edward Connell wish to thank the many kind friends who helped them in their recent sad bereavement, especially Mr. and Mrs. James Pepper and two daughters who helped all through their loved one's illness. They also wish to thank those who sent wreaths, namely, Miss Bessie Pepper, Mrs. Isaac Churchill and Mrs. Thomas Keefe.

Letter From Duncan Collins

F Co., 2nd Bat. 1st Nfld. Regiment, Newton-on-Ayr, Scotland.

Dear Grandmother,—Just a word to say I am well, and trusting you are the same. I just came back from Glasgow. I was up there 10 days with a cooking class, during which I had a great time seeing the sights. The people were very kind to us. The night before we left they gave us a supper and a "time" in the school.

We learned a lot about cooking while in Glasgow. You said you were knitting some socks for me. You can send all you like, for I know we will soon be going to the front and I will need them. I have heard indirectly how father done with the fish this summer. I suppose he is home by this time.

There are some of our boys getting knocked out in the Dardanelles, but they could not die better than for the Cause they are fighting for now. Nathan Gossie is well and sends his respects to you all; also the rest of our boys.

Nathan has a great job now. He is military police. I am as proud of that as when I received my own stripe. If one of us goes to the front the other will go, because we went go without each other even if we have to become privates again. Say me to all friends and don't fail to write. I remain, your loving grandson,
DUNCAN COLLINS.

Special Offer Withdrawn

The special offer of 50 cents a year for the Guardian has been withdrawn. The subscription price until further notice will be 80c to all parts of Nfld. and Canada, and \$1.10 to the United States.

On Tuesday morning a terrific gale of wind sprung up and blew furiously all that day and night. Considerable damage was done both on land and sea. Fences were blown down and windows smashed here and in other places. Several vessels in the harbor dragged their anchors. It is reported that a vessel drove out of Clarke's Beach.

EVERYBODY NEEDS PURE, RICH BLOOD

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a dazed state of the mind, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions. Hood's Sarsaparilla makes pure blood, and this is why it is so successful in the treatment of so many diseases and ailments. Its acts directly on the blood, ridding it of scrofulous and other humors. It is a peculiar combination of blood-purifying, nerve-toning, strengthening substances. Get it today.

Can You Doubt These Words

Suffering for 18 Years

I was a sufferer for 18 years. I was so bad that the flesh was nearly melted off me. In fact, I gave up almost everything until I heard of this great cure and I decided to try it. I took five half-pint bottles of A. I. C. I feel it was the best thing ever happened to me in my life, because to-day I'm completely cured of all stomach troubles. I have tried all doctors and all kinds of medicine that I thought would do me good, but it all failed to cure me. But now I can't help praising that wonderful Arctic Indigestion Cure, for I believe it saved my life. I recommend this medicine to any person suffering from any kind of stomach complaints.
