DELEGATES NAMED FOR LABOR CONGRESS

W. H. Gibson and C. Sivertz Will Attend Convention in Halifax.

(From Thursday's Daily).

It was finally decided at the meeting of the Victoria Trades and Labor 7.75 Council last evening to send two dele-2.00 gates to the Trades and Labor Congates to the Trades and Labor Con-7.75 gress at Halifax. Mr. Buckle, of the 1.75 Typographical union, suggested that before the delegates were elected it would be well for the council to go on record as favoring independent legis lative action by the working classes so that the delegates would have a substantial platform when they attended the convention. This suggestion being embodied in a motion was carried. An election then followed with the result that W. H. Gibson, of the Electric Railway Employes' union and C. Sivertz, of the Letter Carriers' union, will go to Halifax as delegates of the Victoria council.

Letters were received from division 109 of the Electric Street Railway union and the painters' local union No. 5 to the effect that these unions were ready to contribute toward the support of the delegates. Other letters promising financial aid were received from the Blacksmith's union, Waiters' union and the letter carriers' 48.00 union; while the carpenters, cigar-45 makers, barbers and waiters promised to take action at their next meetings. Painters' union No. 5 wanted the name "Trades and Labor Congress of Can-ada," changed to "Canadian Federation of Labor."

The B. C. Electric Railway, it was reported, had not yet consented to the use of white tickets between the hours of 12 and 2 on Saturday afternoon. The manager, A. T. Goward, is at present absent from the city, but on his return the matter will receive his
