NEW REGULATIONS GOVERNING FISHING

Use of Seines in Nanaimo Harbor and Departure Bay Restricted.

Nanaimo, Jan. 15 .- After being confined to the house by sickness for over when interviewed, stated that he had now received final instructions from the department of marine and fishergoverning the fishing in local waters. in the waters of the harbor and Departure bay, advised by the local of- Charles Eyton was referee. e, have been adopted and ratified by the department at Ottawa; and it should be said that Inspector Taylor has always advocated the prohibition of seining the waters. He took the matter up before it became an acute question with the local fishermen, and as done everything he could personally, and secured the assistance of the department to encourage gill net fish-

The new regulations ratified by the lepartment at Ottawa are as follows: 1. The use of seines in the waters of Nanaimo harbor and Departure bay is rohibited from 5 p. m. to 7.30 a. m. 2. Further, seines are not allowed to used in the same waters between

There is another aspect of the case with which everyone is not familiar. That is that nearly all the licences which have been issued from the local office have been issued to white men. All the Japs locally, who have licences, were here at the beginning of the industry. What is done is that neone takes out a licence and then either farms it out to Japs, or hires hem to work for him. In either case the fishery officials can do nothing. They ask the Japanese for his licence, and he pulls out one which has been issued to some British subject, and says he has been hired to do work for

The officers are as anxious as any body to conserve the industry, but they have to consider all the various intersts. As proof of this, when the industry was first started, the fee for gill nets and for seines were the sam namely, \$10. Now the fees are \$2.50 for gill nets, and \$50 for seines. More than ELECTION FIGURES hat, in order to encourage gill fishing the government sent out some exper-hands to show the local fishermen how to put up gill-caught fish for export purposes. The government went to Some Candidates Increased siderable expense in this matter and kent the men here for two seasons. It was not done in the interest of seine Ashermen, but to help out the men

using the gill nets. Altogether the local office can hardly be charged with neglect, and have done all they could to serve the interests of everybody concerned.

-The latest use for the Canadian flag is to cover a heap of sawdust on Bastion street. On Friday afternoon a big load of that material was trimmed Valenciennes lace; Miss Nellie deposited outside the side door of the Cooke, blue silk princess dress.

The invited guests included the follow. C. Telephone Company. As the wind was high the pile was partially pro-Co., and six tons of soap from the B. C. Soap Works.

Three Chinese have taken passage on her from this port.

The death occurred Friday morning of Mrs. Naomi Evans, mother of J. P. Lietz, of 849 Fort street. Deceased was a native of Wales and was Sylvester. Miss M. George. Miss D. Fortstreet. Miss D. Fortstreet. Miss M. George. Miss D. Fortstreet. Miss D. Fortstreet. Miss D. Fortstreet.
