> IN RECOGN TION OF HIS LONG SERVICE

Capt. George Langley Presented With

Medal on Sunday Morning After Church Parade.

Sunday at Camp Macaulay was signal ized by the presentation of the long-service nedai to Capt. George Langley, whose twenty-two years faithful service in the regiment has richly merited this distincincident, undoubtedly one of the most pleasing in the present outing, occurred immediately upon the conclusion of the church parade on Sunday morning. Altogether there were about three hundred officers and men present, including regulars from the Royal Engineers and Royal Artillery, who, with the members of the Fifth, were drawn up in the form of a hollow square.

The presentation was made by the D. O. C., Lieut.-Col. Holmes, who took occasion to refer to the recipient's creditable reord in the service of his country. He was pleased to state that he had known the recipient for twenty years, and none more fully deserved the honor which had been conferred upon him. The commanding officer then warmly congratulated Capt. Langley, and the parade was shortly afterwards dismissed.

This last member of the Victoria forces to be honored for long service has been actively connected with Accal corps for He was very popular among his comtwenty-two years, having joined the Vic- rades, whom the terribly sudden termintoria Battery G. FATAL RESULT OF

Sustained Injuries From Which He Died Yesterday Afternoon-An Inquest

21 on the route between the Junctio and Oak Bay Saturday afternoon, in injuries resulting in his death yesterday. The car, an open one, containing several passengers was on the way to the Oak Bay park to await the conclusion of the baseball match. It had just reached the last grade on the run near Mr. Virtue's residence when the accident occurred. I is impossible to ascertain the exact cause, but it is believed that the conductor was standing on the footboard and in when he lost his hold, and was pitched inutes. The drills so far have shown was directed to the mishap by a lady's scream, and he at once brought the car

landed on the back of his head and

shoulders He was removed to Mr. Floyd's resi dence, where every attention was given him, W. Deasy, who was on the next ar, being especially indefatigable in his efforts to make the injured man as easy as possible until the arrival of a physician. The ambulance was telephoned fo from Mr. Virtue's residence, but the ap-plication to the Jubilee hospital met with the reply that the conveyance could not be dispatched without an order from a doctor. Fortunately, Dr. Holden was at the baseball match, and he was sumnoned, Mr. Virtue also ringing up the Transfer stables for the ambulance,

which was thereupon sent to the scene. The injured conductor was then conveyed to the Jubilee hospital, where every thing possible was done to alleviate his condition. Unfortunately he was beyond the aid of human skill, and gradually sank, passing away yesterday afternoon at 2.30 o'clock. Death, it is understood, was due to concussion of the brain. Immediately upon hearing of the accident Traffic Superintendent Gibson hastened to the scene in a carriage for the purpose of conveying the young man to the hospital, but found that his injuries were of such a character that the ambulance was required.
