From our own Correspondent.

Wednesday, 20th.

This morning a Resolution moved by Mr. Mc-Pholm to pay George Wellace of Richibuco twenty pounds los: in a money letter, mailed in Aug. 1854, caused much discussion. His letter was regularly mailed to John Dever, St. John, and registered at Kingston W. O. Richibucto; the mail bag containing it was stolen from the driver between Richibucto and Shed-ac, and asks the Province to reimburse the mency. Mc-Phelim, Gray, End, Cadlip and others supported the resolution. The arguments in favor of paying this claim were these: that if this public Department holds out inducements to the public to entrust their means to its charge and frhids private individuals from carrying correspondence, it shall be responsible for their safe carriage, that the tendency of Commercial Legislation in Britain is to this end that an action cannot be brought against the Mail Contractor, as no contract is made between him and any individual, except the Government, &c Messrs. Smith, the Speaker. Chandler, Tilley, Steadman and o hers opposed the resolution, believing it, it it passed, a most dangerous precadent. The fact of registering a letter was merely for the purpose of tracing it through the Post Offices when missing; the P. O. is established for the public henefit, it is not an insurance office; if money is lest through the negligence of the carriers, special actions can be brought against them it the Department advertices that it is not responsible; this principle is not established for the public were staken up again on Trussbay, re-discussed, and the resolution carried.

In the Afternoon the debate on going into the Supply was resumed; several speeches were made besides the closing ones of Messre. Wimot and Tilley. Mr. Wilmoré, was not so able as I expected to hear from him, but he was prohably reserving himself for "heavy fighting" after going into Supply, as he knew his motion would be defeated.
