TREASURY BOARD. The Costly Water Improvements at

Silver Falls. The civic treasury board had very interesting session yesterday af ernoon. Ald, Robinson presided and there were present Algerman Millidge Stackhouse, Bullock, McMulkin and

McGoldrick. The representatives of the estate of John Longmaid complained of assess-ment on a lot in Dukes ward which was now the property of F. E. Höl-man. It was ordered that the moncy be refunded. The bill of Ald. McMulkin in con-nection with the much talked of fire department horse purchase was taken up.

Pyrography, or Burnt Work

If you have not already seen or tried to do this work you will be fascinated by the attempt.

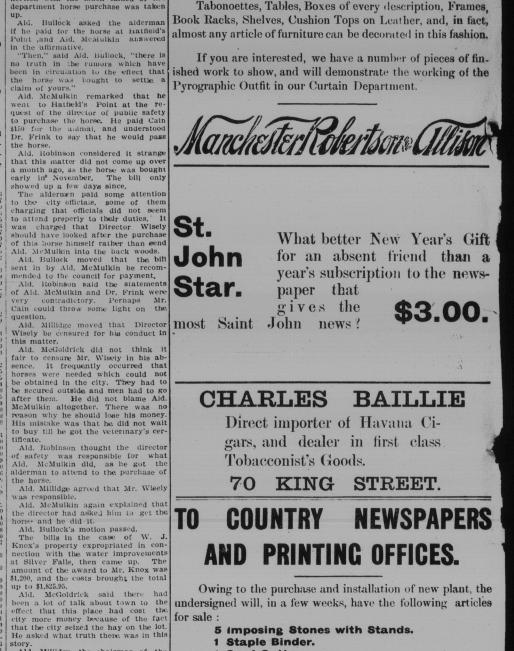

Another supply of the Pyrographic Outfits just received, and we are also prepared to supply any novelty in the Blank or Stenciled Wood for burning with the same.

Pyrography is a most popular employment, giving beauiful and artistic results for a small amount of labor.

Tabonoettes, Tables, Boxes of every description, Frames. Book Racks, Shelves, Cushion Tops on Leather, and, in fact, almost any article of furniture can be decorated in this fashion.

If you are interested, we have a number of pieces of finished work to show, and will demonstrate the working of the Pyrographic Outfit in our Curtain Department.

- 5 Imposing Stones with Stands. Staple Binder.

I hear the muffled tramp of years Come stealing up the slope of Time; They bear a train of smiles and tears, Of burning nopes and dreams sublime JAMES G. CLARKE. McGoldrick.

Time, to the nation as to the individ-ual, is nothing absolute; its duration depends on the rate of thought and feeling.

At the last meeting of the council that body determined that unless the government paid up at once the supply of water would be shut off on January 1st. This will not be done today, hew- ever. Mr. Justice Barker yesterday granted an injunction enjoining and commanding the city, under a peality of \$4,000, not to carry out the order or in any way interfere with the supply of water at the asylum. The injunction was laid before the aldermen who were in attendance at yesterday's treasury board meeting, and it was agreed that the city could under the circumstances do nothing	Coun. Robt. H. Armstrong of Lan- baster is home after a long absence at Campbellton, where he had charge of the erection of a large saw mill for the concern of which R. Kilgoun Shives is the head. The main build- ing is 265x55 feet with a wing 60x feet. The structure is almost com- pleted and ready for the machinery, in fact some of it is being placed in position. The mill is expected to begin operations in June, and its capacity will be 150,000 per day. Joha Quinlan of this city will be the millwright and attend to the fitting up of the im- mense establishment. To cure a headache in ten minutes, use KUMPORT Headache Powders.
