HER FORLE SAGRIFICE A Brave Girl Saves Her Bro

After ten years of noble sacrifice Kate canedy, a beautiful girl, twenty seven years of age, of Decatur Coun-ty, Ind., has proved her brother's inno-cence of murder and secured his release from prison, where he had been sen-tensed for life. Last week Gov. Mount, ten sed for me. Last week Gov. mount, of Indiana, gave her into her own hands a full pardon for her brother. In 1885 Willism W. Kennedy was sentenced to imprisonment for life for the murder of David Decker at Greensburg. The mur der occured at a political rally, at which John A. Logan, candidate tor Vice-President on the ticket with James G. Blaine [PROGRESS is for sale at the Parrsbero Book

was the principal speaker. A number of persons had their pockets picked by thieves who had come from Ciacinnati. These were singled out and fied. Decker was one of the pursuers and was turned upon by one and shot.

Months afterward Kennedy was arrest ed, though he strongly protested his innocence. His sister was present at his trial and immediately undertook to secure his rizeds, cally particular to the box of the b

Eventually Gov. Meunt paroled the prisoner. Still that did not satisfy her. 'The odium of a sentence for life is still hanging over him,' sho said. And the brave girl persisted in her appeals until a full pardon

was granted. Meantime, atter his parole, her brother enlisted in the regular army and is now upholoing the flag in the Prillippines.

It is a singular thing that in the pendence of the several organs of the body is lost sight of. The heart, for example, is diseased and it is treated as if it were entirely separated from, and independent of, every other organ. The fallacy of this opinion is shown by the cures of heart "trouble," liver "trouble," kidney "trouble " and other so-called "troubles," effected by the use of Dr. Pierce's Golden Medical Discov-ery. Primarily the "Discovery" is a medicine for the cure of diseases of the stomach and blood. But it cures dis-eases of organs seemingly remote from the stomach, and its associated organs of digestion and nutrition.

*I doctored with three different doctors for weak heart, but they did me no good," writes Mrs. Julia A. Wikox, of Cyr.et, Wood Co., Ohio, Box 52. *I was so tired and discouraged if I had had my choice to live or die I would have pre-ferred to die. My husband heard of 'Golden Medical Discovery' and he bought a bottle. I took that and the first half seemed to help me. I took six bottles before I stopped. I am per-fectly well, and am cooking for six boarders. It has been a God-send to me."
