## BOYS WANT PAY FOR ATTENDING THEIR SCHOOLS

Youthful Bolsheviks of Berlin Present an Ultimatum.

### FREE SELECTION OF THE INSTRUCTORS

Demand Freedom from Home Study or They Will Go on Strike.

By S. B. CONGER.  
(Copyright, 1921, by Public Ledger.)  
Berlin, Jan. 19.—No home study for the schoolboys' determination, free selection of his teachers and studies, and wages for the time spent in school are among the attractive issues presented children of Germany by the communist youths' league, which is pushing a movement for a general school strike in defense of the sacred rights of student youth. The program shows what Tom Sawyer and Peck's Bad Boy missed, lacking the inspiration of the communist movement. It is not taken as might be supposed, from a humorous paper but expressed in all seriousness in the columns of the Young Guard, the central organ of the communist youth of Germany, the exordium of the manifesto to grown-up communists respecting the second anniversary of the murder of Karl Liebknecht and Rosa Luxemburg. It may be summarized roughly as follows: "Comrades the reaction has wrested or fished from us all of the questions wrung from the conservative school tyranny by the strong columns of youths in the school strikes, which everywhere marked the first half of 1919.

The reaction's activities are far more brutal than before. Where now are our scholars' soviet? Gone entirely or reduced to mere collectors of waste-paper and dusters of desks. Countless are the schools where keeping in after school again is a matter of course; many more where our comrades are actually whipped.

Great Difficulty Met.  
The political indifference of boys and their aversion to remaining in school a minute longer than necessary or to hearing a word of school in outside hours, it is pointed out, is the great difficulty in reviving the agitation for regaining their lost privileges. The youthful radicals have found it impossible to obtain an audience at any meeting held after school hours during the last quarter hour of the session.

Propaganda Subsidized.  
"The attendance of teachers should be encouraged. They will take a stand against our demands. This will anger the scholars to conflict. If they close the meetings or punish the speakers, so much the better. It is then time to pass from guerrilla to open war. Preach to the children that the only way to victory is a general, well-organized school strike, directed by self-elected scholar soviet. Comrades, to work." This is one manifestation of the propaganda which the Moscow international is subsidizing.

### Painful Neuralgia

Torturing Sciatica  
Both Come from the Same Cause—Thin, Watery Blood.

Most people think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The pain in neuralgia is caused by starved nerves. The blood, which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pains of neuralgia with hot applications, but real relief from the trouble comes by enriching and purifying the blood. For this purpose Dr. Williams' Pink Pills are strongly recommended. These pills make new, rich blood and thus act as a most effective nerve tonic. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and note the onset and comfort that follows their use.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Prosecuting Case Against Farrows

Condition of London Bank. Forcing Closing of Doors. Known by New Yorkers.

London, Jan. 19.—Discovery of the condition of Farrows Bank, which suspended payment on December 29 last, was due to the New York city firm of Norton, Read and Company, which had entered into an agreement to take control of Farrows Bank, according to a statement by the Government attorney in opening the prosecution today against Thos. Farrow, founder of the bank, and others on the charge of falsifying the balance sheets of the institution. The attorney stated that Norton, Read and Company had agreed to pay £250,000 for control of the bank. Of this amount £100,000 was to go to Farrow and the other partners made directors. In auditing the accounts of Farrows' bank the government attorney said, Mr. Read discovered the bank was insolvent and thereupon recovered the securities he had deposited as a guarantee of payment of the amount demanded for purchase of the controlling interest in the institution.

## WAR DEBT SEEN IN GEDDES' CALL

Naval Disarmament and U. S. Canadian Relations Are Also Advanced.

London, Jan. 19.—Government officials are displaying unusual reticence concerning both the visit home of Sir Auckland Geddes. The British Ambassador at Washington, and Lord Chalmers's mission to the United States, which has been postponed. The coincidence of the Ambassador's return with this postponement points to the likelihood that the question of the Anglo-American debt will be the chief subject of his conferences with the Government.

In connection with the visit of the Ambassador, which it is reported was undertaken in a hasty summons from the Prime Minister, there is no question of possible controversy between the two countries. This contingency was left unmentioned by the American correspondents of the English newspapers to explain the visit. It is alleged by one correspondent that Canada is showing independence, claiming greater freedom from the jurisdiction of the British Empire and a separate legislation at Washington.

The same correspondent reiterates that American statesmanship is seeking approach to the dominions on the Pacific question. In this connection it is suggested in some quarters in London that the Prime Minister may be anxious to consult Sir Auckland Geddes on the subject of the Colonial Office is changing hands, following upon Lord Milner's resignation.

The postponement of the Chalmers mission is not altogether unwelcome. There had been protests against any hasty settlement of the debt question, which were fortified by rumors reaching London the month the Colonial Office term obligations was to have been on a basis of 5 1/2 per cent. interest. This was a great disappointment, as it had been hoped for great that the interest would not exceed 5 per cent. The tendency of exchange is upward and it is hoped that delay may make for a settlement on easier terms.

## PARTY LINE IS DRAWN BY GOLD TOOTH BEN

Famed Raccoon, True Blue Democrat, to Leave the Washington Zoo.

Washington, D. C., Jan. 19.—Ed. F. Goltz, Democratic National Committee from Missouri, came to Washington today to get "Ben, the Gold Tooth 'coon," and take him back to Saint Louis.

Ben was brought to Washington almost at the outset of the Wilson Administration, famed as the only raccoon which ever had a gold tooth. After being introduced around at the White House, President Wilson suggested that he be loaned to the Washington Zoo.

"Ben is a Democrat," Goltz explained today. "I have learned that ever since the Missouri elections he has been in the top of the tallest trees at the Zoo. He doesn't want to become contaminated by the Republicans."

Deputyman Thomas returned to duty last night at the Central Police Station after being confined to his home for some days following a treacherous assault by one of the prisoners.

## Ask Reserve Case For Newman Clark

Sentenced to be Hanged for Murder — Motion Heard Before Judge Chandler.

Motion for a reserve case for Newman Clark, under sentence to be hanged on the 1st of March, after being found guilty of the murder of Phoebe Bell, of Grand Falls, was made by Hon. W. P. Jones, K. C., before Judge Chandler yesterday.

Mr. Jones said that the trial judge charged the jury that where the prisoner sets up the defense of insanity it is his duty to establish the fact of insanity "beyond a reasonable doubt." This charge was in accordance with the decision of the supreme court of Alberta has decided that such a charge is improper and entitles the accused to a new trial.

Until this year, he said, there was no provision for appealing, when the provincial court was unanimous, to the Supreme Court of Canada in a criminal case. But, by an amendment to the criminal code the accused now has an appeal where two provincial courts give conflicting judgments on some issue.

Mr. Jones said that it was his desire to have a decision by the Supreme Court of Canada.

Judge Chandler decided that he would make a certificate giving his reasons for refusing to grant a reserve case, and then the accused could apply to the court of appeals of New Brunswick on February 8 for reserve case. If the court of appeals grant a reserve case the prisoner will be re-tried until the question is decided. If the court refuses a reserve case the minister of justice has the power to grant a new trial.
