New York, Oct. 25.—The fate of Police
Lieut. Charles Becker, on trial for the
murder of Herman Rosenthal, will rest with
the jury tomorrow.

Counsel for both sides completed today
their appeals to the jury and all that re-
mains to do is close the case which adjourn-
ment was taken tonight was Justice Geff-
e's charge to the jury, which he will deliver
tomorrow morning.

Becker sat throughout the day with a
most unimpaired countenance. He read
himself characterized by John F. McIn-
tyre, his chief counsel, as the victim of a
conspiracy plotted by Jack Ross, "the head
of the assassin," and by Assistant District
Attorney Moss, as "the brains behind the
gunmen," with a tremendous motive for
"attacked by ambition," and "had his eyes
fixed upon the prize of a fortune."

The defense centered its attack on the
state's case, almost wholly on Ross's testi-
mony, which Mr. McInyre denounced as
unworthy of belief, because "Jack Ross
testified to save himself from the electric
chair." He characterized the corroborat-
ing witnesses as "crooks and murderers,"
and the state's case as summed up with a
declaration that District Attorney Whitman,
"acted by ambition," had "falsified a
prosecution framed up by crooks."

Mr. Moss warmly resented the imputa-
tion that Mr. Whitman had any other
motive than duty for seeking the conviction
of Becker, and denounced "the vilifica-
tion of counsel for the defense as reveal-
ing the desperate straits to which he has
been reduced."

Mr. Moss accused Mr. McInyre of mis-
representing the evidence to the jury, in
representing Becker's attorney to have
said that he "shook his fist in the face of his
opponent as he uttered an indignant de-
nial." The lawyers spent four hours each
in summing up the evidence.

Becker's Motive for the Murder.

If Becker did not have a motive for
murder, why did he want to get an
affidavit from Rose to assist him and
that was dead? Mr. Moss asked.

The truth is Becker did not know how things
would go. He saw the possibility that
Rose might be able to assist him and
he got an affidavit from Rose to silence
him. He got Rose to swear his own life
away, so that he could not testify against
him.

Sam Scheppe, Mr. Moss' concluded, was
an accessory after the fact, but had come
forward to testify because Becker had
threatened "his pal, Rose to the dog."

"Why," asked the prosecutor, "if Becker
had no interest in the murder, did he visit
the police station where Rosenthal's body
was lying? Becker was the only man who
went there to see the body."

Mr. Moss declared that the defense had
dwelt throughout the trial upon an alleged
conspiracy to murder Rosenthal, but had
not produced a shred of proof that any such
conspiracy had existed. Mr. McInyre had
examined Rose, Webber and Vallon as to
conversations with various persons con-
cerning this alleged plot, but had failed to
produce these persons as witnesses, Mr. Moss declared.

**Says Gunmen Are Doomed Any-
way.**

Answering Mr. McInyre's declaration
that the four gun men, yet to be tried,
might be given up by Becker were convicted,
Mr. Moss said: "Have no fear that they
will ever meet these four men on
Broadway. We have not disclosed our
entire case against them yet, and you need
not be afraid of meeting Rose, Webber and
Vallon there, either after their trial or
before. Their friends, the gunmen of the
underworld, will take care of that."

The character of the Rosenthal case, Mr. Moss offered no apology. He declared,
however, that if the district attorney had
not accepted the testimony of the four in-
formers, Rose, Webber, Vallon and
Scheppe, all ten men connected with the
case would now be at large.

**Fugitive Had Charles Arrested on Theft

Chicago, Oct. 25.—Charles Johnson,
brother of Jack Johnson, negro pugilist,
today willingly entered the federal grand
jury room and told all he knew regarding
the relations of his brother and the white
girl, Lucile Cameron, of Minneapolis, who
recently was taken from the negro pugilist
by her mother. Charles Johnson re-
cently was arrested, at the instigation of
the champion, on a charge of theft.

Young Johnson is said to have given his
inquirers important information. His story
is said to be almost of equal importance
to that of the fugitive, as it is said to
show the manner in which the fugitive
was captured. Johnson is said to have
admitted that he had been in the room
where the fugitive was captured, and that
he had seen the fugitive enter the room
and take the girl.

**Victories Have Been Won With

Important Places Have
Been Captured—Adrian-

Reports Not So Confident.**

London, Oct. 25.—The news from the
seat of war tonight tells of the continued
successes of the allies. The Serbians have
captured Novipazar and are the virtual
masters of Kumanova and Tirnova, which,
however, have been purchased at heavy
sacrifices.

The situation in Thrace is becoming
clearer. The Greek army, which is a
wide semi-circular front before Adrian-
ople, upon which town the Bulgarians are
gradually closing in. On the east they
also said to have been taken after fight-
ing of the severest character.

Of the army in the center operating in
the direction of Kirk-Kiliseh, there was
no news today and evidently that fortress
is still holding out.

Turkish Reports Not So Confident.

It is significant that tonight's Constan-
tinople despatches, which say that a de-
cisive result is expected tomorrow, have a
confident tone than previous de-
spatches from that capital, while they ad-
mit a heavy struggle in which both sides
are showing the utmost bravery.

Information concerning the Montenegrin
progress is meagre, but the Turkish
authorities claim that Scutari has been
reinstated and is safe. A Salonki de-
spatch asserts that the Malissori tribes
are offended because the Montenegrin
commanders are proclaiming the sov-
erignty of King Nicholas in the captured
Albanian towns. They demand that King
Nicholas give a guarantee that he will
not cede Albanian territory and secure
autonomy for Albania. So far they have
received no satisfactory reply and it is
reported that they are refusing to fight
for the Montenegrins whose advance has
been thereby checked.

The next news of the Greek campaign
should be an important battle around the
town of Servia, in which place the Turks
have retreated from Ellassona and have
been reinforced from the north.

Greeks Win a Great Victory.

Athens, Oct. 24, 1.45 a. m.—The Greeks
have won a great victory over the Serbs
near the town of Sarajewo. The Serbs
were defeated and the bridge over the
river Alakom (Indja Karasa) thereby
cutting off the retreat of the Turks.

The government has dispatched tele-
grams congratulating the commander and
troops.

Another Army Invades Turkey.

Sofia, Oct. 25.—Another Bulgarian army
has invaded Turkey, this time along the
coast of the Black Sea. The Bulgarians
are advancing rapidly and have captured
the town of Vasilko. The Bulgarians are

Belgrade, Servia, Oct. 25. It is officially
announced that the third Serbian army to
be formed by the Bulgarians has been
captured the town of Novipazar after
fierce fighting and great sacrifices.

The Turks are retiring from Kumanova,
but the town is still in their hands. The
Serbians have completely surrounded it
although the Turks hold an important pos-
sition dominating the town. A reported
number of the captured Serbian soldiers
being 180, arrived here this afternoon. Big
troops crept across the transport wagons
as reported. All the schools are fitted up as
hospitals.

Greeks Seize Strategic Base.

London, Oct. 25.—The occupation of the
Turkish island of Lemnos by the Greek
troops is complete, according to advices
received by the Greek legation here. Strate-
gists regard the island as a valuable base
for operations in the Aegean Sea.

About 1,000 Bulgarian prisoners of war
have arrived in Constantinople, according
to a special despatch from the Turkish
capital.

Terrific Fighting.

Sofia, Oct. 25.—Terrific fighting was in
progress today along the whole Bulgarian
frontier, according to official despatches.
The Bulgarian force operating against
Adrianople reached Arda, a redoubt situ-
ated to the west of the Turkish strong-
hold. After a sharp engagement the Turks
fell in disorder leaving 100 men killed.

To the north of Adrianople several ad-
vance Turkish positions have been cap-
tured by the Bulgarians after furious
fighting. The Turks fled precipitately
towards Adrianople, leaving many dead
behind them.

Hard Battle, Says Turkish Report.

Constantinople, Oct. 25.—Heavy fighting
continued all day along the line from
Adrianople to Kirk-Kiliseh but a decisive
result is not expected until tomorrow even-
ing. Both sides are displaying the utmost
bravery and determination.

The press correspondents left here to-
day by special train, proceeding to the
front. The Turkish army is expected to
leave for the front Friday.

Another Turkish Town Falls.

London, Oct. 25.—The important Tur-
kish town of Novipazar in the district of
the Samevane, was captured by the Ser-
bians today after severe fighting, accord-
ing to a news agency report. The town
of Novipazar is situated on the Nish-
Servia. The troops suffered heavy losses.

Reformer Going to Newfoundland.

Toronto, Oct. 25.—Rev. J. W. Aikins,
head secretary of the Methodist depart-
ment of moral and temperance reform, leaves
Toronto next Tuesday for a three weeks
tour of Newfoundland, where he states,
public sentiment in favor of moral reform
is very strong.

"I have been a Pullman conductor on
the P. & M. and Michigan Central for the
last three years.

About four years ago I was laid up with
"stomach pain in the groin, a very sore
neck, and suffered most severely when I
tried to urinate.

I treated with my family physician for
two months for gravel in the bladder
but not receiving any benefit. About
that time, I met another railroad man
who had been similarly affected and who
had been cured by GIN PILLS, after
having been given up by a prominent phy-
sician who treated him for Diabetes. He
is now running on the road and is per-
fectly cured. He strongly advised me to
try GIN PILLS which I did with the re-
sult that the pain left me entirely.

**Another Will Die and Three Are Seriously Injured—Powder
Factory Blows Up With Terrific Effect, Shattering the
Building and Breaking Glass for Miles Around—Wife
of One of the Victims Belongs to Penobscis, Kings Co.**

Haleybury, Ont., Oct. 23.—At noon to-
day the plant of the Energetic Explosive
Company was blown up with a terrific
detonation, killing five, fatally injuring a
woman and seriously injuring three work-
men.

The Dead.

H. Long, superintendent, leaves wife,
son and daughter.

Thomas Poppleton, 35, leaves wife and
three children.

Wilbert McLaughlin, 33, leaves wife and
one child.

Robert Young, 43, unmarried, home in
Ottawa.

Fred Ericson, married.

Fatally Injured.

Mrs. Fred Ericson, hurt by flying
metal and debris.

Carl Gustafson, 40, married, hurt on
body.

Otto Manastigoff, ear drums injured,
suffering from shock.

The direct cause of the explosion is not
known, but it is stated by the workmen
that something went wrong with the
electrical machinery used in mixing and
the mixture caught fire.

Realizing the danger, the men shouted
to the girls, who were working in the
factory, to leave the building. They did so
and all but one were saved.

McLaughlin's Wife a Penobscis
Woman.

McLaughlin was a member of the Haley-
bury school board and a leader in fraternal
societies. His wife was called to Pen-
obscis, New Brunswick, two weeks ago
by the death of her father.

Poppleton had lived in Haleybury for
several years. Ericson and his wife had no
relatives here.

Several remarkable escapes are reported.
A. B. Dickson remained to fight the fire,
but was thrown only a few feet. He was
knocked unconscious but not seriously hurt.
Another man standing between the fac-
tory and the magazine, which was demol-
ished, escaped with bruises.

**STRONG EVIDENCE
IN DYNAMITE CASE**

**Manufacturer of Nitro-Glycerine Testifies He Sold Ex-
plosive to J. B. McNamara by the Wagon Load—Tes-
timony Corroborates McManigal's Confession.**

Indianapolis, Oct. 23.—How J. B. Mc-
Namara and Orin E. McManigal carried
away nitro-glycerine by the wagon loads
was described by Charles C. Kizer at the
trial today. Kizer, who now lives at Tulsa
(Okla.), was the manager of a plant for
the manufacture of explosives at Albany
(Ind.), when in 1908, he said, the dynamite
contractor of Peoria, (Ill.), and said
he wanted nitro-glycerine to blow up some
ditches near Indianapolis. He said he had
traded dynamite and it was not strong en-
ough to agree to sell him twenty quarts
and to deliver it to a farm three miles from
Albany, on the road to Muncie. A month
later he bought thirty quarts. I did not
hear anything from him until a year later,
when he and McManigal bought 120 quarts.
When I look it to the farm they had two
girls waiting and had prepared twelve
boxes in which to pack the cans. After-
wards I wrote to Clark at the address
given at Peoria, but the latter was re-
turned.

The boxes referred to by Kizer later
were found in the house in Muncie, which
was the government charges, stated over
Herbert S. Hokin, now secretary of the
International Association of Bridge and
Structural Iron Workers. Children of the
neighborhood, thinking the house vacant,
entered it to play and, according to the
government's charges, skated over the
dynamite near where the explosives were
stored.

John W. Chilton, foreman of a construc-
tion company, described three explosions
on the same job at Cincinnati in 1909.
He said after two of the explosions Edward
Clark, who has pleaded guilty, visited the
job and said: "If you don't put union men
on there we will fix you."

"While I think," he said, "assistance
from Great Britain will be gladly welcomed
by Great Britain at the present time, yet I
do not believe the need is so urgent that
the government would not be justified in
waiting long enough at least to consult the
people before embarking on any naval
policy."

It is also significant that following Mr.
Borden's objection to the proposed embar-
kation on Sunday, the editor of LeDevoir re-
states in his paper his doubts as to the
correctness of Premier Borden's declara-
tion on Mr. Monk's belief that the situa-
tion now confronting the empire is "grave
and critical."

LeDevoir says specifically that such an
objection to the proposed embarkation
upon coming from Mr. Monk himself.
And it is further worth noting that Mr.
Monk is presumably in possession of all
the facts learned by Premier Borden in
England last summer and placed before
the cabinet here.

Predicts Interesting Session.

"I expect we shall have an interesting
session," said Mr. Monk as he said good-
bye to the members of the cabinet. "The
circumstances may be read here under
the lines of that statement."

The present "emergency" situation con-
fronting Premier Borden is certainly in-
teresting enough. As far as can be learned
from Canada would be glad to see Mr. Monk
return to his home in the United States.

**BUSHING THRESHING
IN CANADIAN WEST**

**A Fortnight Will Complete the
Work—Much of the Wheat
of High Grade.**

Winnipeg, Oct. 22.—That two weeks will
see the wind-up of threshing is the opinion
of W. A. Mathewson, of the Lake of the
Woods Milling Company, provided that the
weather is reasonable. Inquiry at the of-
fices of the milling company, whose organ-
ization covers practically all the western
Canadian wheat belt, summed up would
show that 75 per cent of threshing is now
completed; that the yield of wheat accord-
ing to threshing returns is exceeding nine-
teen bushels to the acre both in Sas-
katchewan and Manitoba, and that not
more than 30 per cent of the crop is yet
marketable.

Some districts report as high as 90 per
cent of their grain threshed and but for
the weather the average yield in Sas-
katchewan would be 20 bushels to the acre.
The storm in question has set back thresh-
ing from the stalk a few days but the de-
lay is not serious as in most cases there
were no prospects to be threshed.

The great movement of the crop is going
on steadily. Of the enormous volume of
moving grain now being handled, yester-
day's inspections totaled 1,299 cars and
there were 1,200 cars on hand this morn-
ing. About 1,200 cars per day has been
the average receipts on the Winnipeg mar-
ket for the past ten days. Of yesterday's
inspections, 308 cars were wheat, of which
708 were of contract grades.

Included in the inspections were 180 cars
of oats, 38 barley and 14 flax. Oats are
moving freely and 72 cars of No. 2 C. W.
went through for eastern millers yester-
day.

**MAN IN WHOM
PROVINCE IS
INTERESTED**

H. A. Richardson, general manager of
the Bank of Nova Scotia and now prospec-
tive head of the amalgamating Bank of
Nova Scotia and New Brunswick, is a
maritime province man and was born and
educated in Halifax. He joined the Bank
of Nova Scotia when capable and conser-
vative manager of the branches of that
institution at Sussex (N. B.), Newcastle
(N. B.), Charlottetown (P. E. I.), Yarmouth
(N. S.) and Toronto. In February,
1910, he was appointed general man-
ager, succeeding H. C. McLeod.

Mr. Richardson is well known through-
out Canada as a very capable and conser-
vative banker and should be well able by
his early training to carry out in the
larger scope of his bank's activity in New
Brunswick a policy that will be beneficial
to the province.

stairs at the Albany Club yesterday, Sir
MacKenzie Bowell, former prime minister
of Canada, tripped and fell twelve steps
to the landing below. He suffered an
abrasion of the nose and superficial in-
juries on the chest. Sir MacKenzie had
just arrived at Toronto en route from the west.
His accident is not of a serious nature.

**THE LIBERAL
MEETING AT SOREL**

**Sir Wilfrid Laurier,
Chief Speaker**

**Refers to Monk's Revolt
as "Beginning of
the End"**

**Predicts Return of Opposition
Candidate in Thursday's
Election—Other Speakers
Warn the Electors of the
Tory "Barrel" Which is
On Tap.**

Sorel, Que., Oct. 22.—Before an audience
of over 7,000 people gathered from Sorel
and all parts of Richelieu county and with
a large contingent of some thousands
brought in by excursions from Montreal,
Three Rivers, Nicolet, Iberville, Berthier
and St. Hyacinthe, Sir Wilfrid Laurier
and a goodly number of the chief Liberal
helped today have appeals for the elec-
tion of A. P. J. Cardin, Liberal candidate
in Richelieu county against E. A. D. Mor-
gan.

Sir Wilfrid expressed great confidence in
the result of the election, even going so
far as to predict that as Sept. 23, 1912,
spoken of as a memorable day, Oct. 23,
the date of the election in Richelieu, would
be another day which would be referred to
as "the beginning of the end."

He and all the other speakers made
constant references to the reported inten-
tion of the Hon. F. D. Monk to resign
on the very question, Sir Wilfrid speaking
of it as "the beginning of the end."

He spoke rather unsympathetically of
Mr. Monk and his supposed situation, say-
ing that he would have deserved sympathy
and respect if he were resigning to save
his honor, after having made conditions to
Mr. Borden before accepting the portfolio
he now holds. Otherwise he thought that
Mr. Monk showed considerable naivete
and guilelessness if he accepted the por-
tfolio without seeing the inevitable out-
come.

Appeals were also made to the electors
for the election of Mr. Cardin on the
ground that Sir Rodolphe Forget had vis-
ited Sorel on the previous evening, that
a mysterious sack had been on view at
Conservative headquarters on the same
evening and that therefore the independ-
ent electors of Richelieu county should
vote for the Liberal candidate as an an-
swer to the smirch thereby caused upon
their reputation.

The train from Montreal bringing in Sir
Wilfrid Laurier and about 100 others from
Montreal was met at the station by Mayor
Laurier, and the leader of the opposition
was led to the stand in the park where
already a large audience was gathered. After
the band had played and a large number
of bombs had been exploded, two young
ladies presented two bouquets of flowers
for the town and for the county Liberal
Association, being rewarded in the usual
manner.

The crowd applauded the speakers lib-
erally and the whole afternoon passed off
without incident except that some of the
citizens, who were very much liberal, ob-
jected to the presence of the Conservative
candidate, Mr. Morgan, and to a jocular
remark he made towards the end of the
meeting and asked him to go. Not wish-
ing to make a disturbance he withdrew
after having listened to speeches in which
his name was often referred to, although
without detraction.

WILL REST FOR FRAY

**Predicts a Lively Session of Parlia-
ment, and Intimates That State-
ment of His Belief That an "Em-
ergency" in Britain's Affairs Exists is
Not Correct.**

Ottawa, Oct. 22.—After one year and
twelve days in office, as minister of pub-
lic works, Hon. Frederick DeLoeur Monk
at noon today took away the last of his
personal papers from his office in the west-
ern wing, drove to Rideau Hall and took
leave of the governor-general, and this
afternoon left as a private independent
member of parliament for a three week's
holiday at Atlantic City and other points
in the United States.

"I shall return to take my seat at
the opening of parliament," he said to
your correspondent before leaving. "Mean-
while I am going to the country from the
constant worries of office. I am going where
the wicked cease from troubling and the
wicked are at rest."

As has already been forecasted the pub-
lic works department will be administered
by Hon. George E. Perley, minister with-
out portfolio, until Premier Borden suc-
ceeds in straightening out the present
troubles of finding a successor to Mr.
Monk and of securing a seat for that suc-
cessor.

"Frankly I do not know who my suc-
cessor will be," said Mr. Monk this after-
noon, and he intimated that Premier Bor-
den himself would not say just at present
who would fill the vacancy in the cabinet.

Monk Kept His Word.

Mr. Monk's retirement is the inevitable
result of his firm adherence to his pre-
selection opinions and declarations in regard
to the naval question—opinions which
Premier Borden had unhesitatingly ac-
cepted. Mr. Monk to join the new government
last October as a means of continuing the
National-Conservative alliance. Since he
entered the government a year ago the
naval problem has until the last two weeks
been tempered with in the cabinet coun-
cils. The government proposals were sub-
mitted until a few days ago, and then when
it was no longer possible and an emergency
contribution of thirty millions was de-
cided upon, Mr. Monk promptly voiced
his dissent and has now left the cabinet.
The present stand in the government on
a necessary policy of expediency for the
coming session, Mr. Monk promptly voiced
his dissent and has now left the cabinet.

**Manufacturer of Nitro-Glycerine Testifies He Sold Ex-
plosive to J. B. McNamara by the Wagon Load—Tes-
timony Corroborates McManigal's Confession.**

Indianapolis, Oct. 23.—How J. B. Mc-
Namara and Orin E. McManigal carried
away nitro-glycerine by the wagon loads
was described by Charles C. Kizer at the
trial today. Kizer, who now lives at Tulsa
(Okla.), was the manager of a plant for
the manufacture of explosives at Albany
(Ind.), when in 1908, he said, the dynamite
contractor of Peoria, (Ill.), and said
he wanted nitro-glycerine to blow up some
ditches near Indianapolis. He said he had
traded dynamite and it was not strong en-
ough to agree to sell him twenty quarts
and to deliver it to a farm three miles from
Albany, on the road to Muncie. A month
later he bought thirty quarts. I did not
hear anything from him until a year later,
when he and McManigal bought 120 quarts.
When I look it to the farm they had two
girls waiting and had prepared twelve
boxes in which to pack the cans. After-
wards I wrote to Clark at the address
