Canada from Coast to Coast

Glace Bay, N.S.—The Dominion Coal Co.'s collieries production on October 1st was the highest output in nine years. The total output for the month of September was 273,374 tons, an increase over the August output of about 40,000 tons.

Fredericton, N.B.—Forest reseed- ing experiments have been started at Colters, N.B. Between fifty and one hundred acres of burned timber lands, which were burned over this season, will be used for experimental reseed- ing operations under the directions of the Federal Forest Service. Similar operations have been carried on during the past month at Salmon River.

Montreal, Que.—Up to the end of September wheat shipments at the port of Montreal exceeded those of the same time in 1923 by 16,500,000 bushels. The total received was 79,446,898 bushels, as against 63,118,984 bushels aggregated 63,460,743 bushels, as against 52,810,971 in 1923. Flour shipments in the same period totalled 1,896,019 sacks, as against 1,817,671 in 1923.

Sault Ste. Marie, Ont.—What is regarded as a most remarkable grain field is that threshed by Duncan Fremlin on his farm near here. He achieved a district record by producing 90 bushels of oats to the acre and whilst a bushel of oats ordinarily weighs 34 pounds, this crop went 42 pounds to the bushel.

Winnipeg, Man.—"The West is coming back strong; is, in fact, well on its way to that position right now. We are better off here in Western

Canada than any part of the world at this moment," said Sir Augustus Nanton, president of the Dominion Bank, recently.

Regina, Sask.—There will be a considerable movement of live poultry from Saskatchewan this fall. The Co-operation and Markets Branch of the Provincial Government, working in conjunction with the Saskatchewan Co-operative Creameries, to act as marketing and selling agents. The poultry will be consigned to killing stations located in various parts of the province and shipped to Eastern Canada and the United States.

Edmonton, Alta.—The Menzies Fish Co. at Faust, on the Edmonton, Dun- veyan and British Columbia Railway, is opening new fishing camps north of Peace River town. They will be located at Buffalo Lake and tributary lakes that are well stocked with fish. Buffalo Lake is located south of Fort Vermillion, 300 miles north and down stream from Peace River. A trail has been run from Peace River to the lakes.

Vancouver, B.C.—Six million bush- els of grain on track for Vancouver and more than 6,000,000 bushels for the Incomplete list of ships for Oc- tober is the present status of the grain industry. In October, 1923, the grain movement totalled 2,358,008 bushels. About thirty ships are in this port to load full or part cargoes of Western Canadian wheat, the vanguard being a motorship loading 1,500 tons for Scandinavian ports.

BRITISH EMPIRE EXHIBITION TO VANISH IN GIGANTIC BARGAIN SALE

A despatch from London says:—The first task of the railway lines and workmen will be to remove the stairs and take up the floors, so the cars can have access direct into the buildings. After most exhibitions the articles displayed are sold at very low prices. In the case of Wembley, manufactur- ers are being protected by a syndicate which has been formed among them to prevent sales "at slaughter prices." Since 12,000 men were employed to bring the exhibits to Wembley, it is estimated that it will require 10,000 men to take them out again. Various sections have already been closed down, notably those in which Indians, Burmese and west African natives worked.

The craftsmen were sent back to their homes. It was feared the damp- ness and fogs of London's fall would have a disastrous effect on their health. Most of them found the sum- mer here cool enough and insisted on wearing overcoats all the time.

The greatest bargain sale in the world will take place next month, when the British Empire Exhibition, at Wembley, closes down. The display is due to end Nov. 1, and immediately after that date thousands of work- men will take charge and proceed with their task of dismantling the exhibits. Even should they decide to reopen the exhibition next year—and that is not improbable—it is estimated there will be between \$10,000,000 and \$15,000,000 worth of goods to be sold. Many of the exhibits are perishable and would not stand a winter of stor- age. In the case of more permanent things, such as machinery, much of it would be out of date next year.

The sale of treasures at Wembley will begin as soon as the exhibit closes but the task of removing them will take two months at least. Under- neath the floors of various pavilions

The message was in the following terms: "To His Excellency, "Baron Byng of Vimy, "Governor-General of Canada. "Your Excellency: "My journey across Canada and back has given me one more mark of affection with the Dominion. At every point in it I have been wel- comed with true hospitality and made to feel that in Canada I am assured of a real holiday. Sleeping Sickness Menace to Japanese Royalty

A malignant epidemic of sleeping sickness, spreading throughout the main island of Japan, took a death toll of 2,280 out of 4,200 cases reported during August.

Physicians are at a loss to combat the spread of disease as the medical authorities here have been unable to isolate the germ. A few scattered cases of the disease were reported in Japan three or four years ago, but until this year the number of sufferers has never approached the present proportions.

The epidemic has spread to Tokio, where fear is being expressed for the safety of the Prince Regent and the Crown Princess. Plans for the Prince Regent to supervise the military man- oeuvres in Toyama prefecture, where the malady first was reported, have been canceled unless the epidemic is under control before November, the date set for the military demonstra- tion.

Memorial Church at Ypres for Pilgrims to British Graves

Church of England authorities have completed plans for the erection in or near Ypres of a memorial church to be used by the many thousands of per- sons annually making pilgrimages to the graves of the British dead who fell during the four years' fighting in the Ypres salient.

The church will be designed by one of the foremost of British architects and will be erected in the form of a cross, with belfry, chancel and nave.

The population of Greater Vancou- ver in 1911, as reported in the Gov- ernment census of that date, was 100,401. The population this year, as reported in the directory recently published, is 247,127.

Extensive Emigration of Hebrideans to Canada

Making the greatest exodus from the Hebrides since the first settler reached the shore of Prince Edward Island 150 years ago, an extensive emigration movement is now under way from the islands to Canada, the Rev. Father A. MacDonnell states.

Father MacDonnell is touring the dominion at the head of a delegation of Hebrideans, with the object of re- securing first-hand knowledge of con- ditions here and of how former settlers from his native soil have fared in the land of their adoption.

The delegation, Father MacDonnell said, is especially interested in open- ings for fishermen from the islands and the position in Manitoba and in Nova Scotia and British Columbia will be carefully canvassed.

Vancouver Man Celebrates 104th Birthday

A despatch from Vancouver says:—"Dad" Quick, Vancouver's grand old man, celebrated his 104th birthday re- cently. He is as hale and hearty as ever, and continues to work at his trade as saddle-maker.

"Early to rise and a lot of hard work" is Dad's recipe for a happy, healthy life. He practices what he preaches, too, and every morning finds him hard at work at his bench.

South Africa Decides Against Continuing Empire Exhibit

A despatch from Cape Town says:—The Pretoria correspondent of the Cape Town Times states he was definitely informed on Thursday that the Union Government does not intend to participate in the Wembley Exhi- bition in the event of its being continued next year.
