Dear Sir:

Your kind letter of June 29th received together with your message, for which I extend sincere thanks.

I shall forward you a copy of the anniversary number when it appears in September.

I have interest in the proposal to have you again take leadership of Conservative party. John R. Macnicol, joint chairman of the convention, and a former Mount Forest district man with whom I am acquainted, is also sending a message.

Wishing you every success at the convention,  
I remain,

Yours sincerely,
