Right Honorable Arthur Meighen,
OTTAWA, ONT.

Dear Mr. Meighen:

I have yours of the 27th ultimo.

John Wellington, whom of course you know very well, was the person who knew most about the matter into which you enquire and he has been good enough to come in and give me the information. Personally I do not know about your end of it at all.

First in connection with shares #130 to 139 and shares 479 to 498 these shares were issued whether in blank or not, Mr. Wellington does not know. They make thirty shares. Mr. Wellington says they were never entered in the books of the Company at all, that he made the arrangements largely himself with you and that they were opened to be transferred or dealt with, and that no consideration whatever was paid for the shares.

As to the G. M. Annable ten shares they stand in a less favorable position if possible.
