

CONTENTS.

CHAPTER I.

	PAGE
Introduction.....	1
General statement and acknowledgments.....	1
Geographical position of area.....	3
Means of access.....	3
Agricultural possibilities.....	5
Climate.....	5
Native inhabitants.....	7
Forests.....	7
Fauna.....	9
Early explorations and surveys.....	11
Previous work.....	12
Bibliography.....	14

CHAPTER II.

Physiography.....	16
Laurentian plateau.....	16
Topographic development.....	17
Introductory statement.....	17
Pre-Cambrian history.....	17
Pre-Palaeozoic palaeoplain.....	18
Post-Palaeozoic uplift.....	20
Continental ice sheets.....	21
Denudation.....	21
Deposition.....	22
Post-Glacial lacustrine epoch.....	23
Marine epoch.....	23
Timiskaming region.....	24
Rocky uplands.....	24
Distribution.....	24
Relief.....	24
Drainage.....	27
Clay belt.....	29
Relief.....	30
Drainage.....	31
Linear valleys.....	34
Origin.....	37
Faulting.....	37
Other possibilities.....	38
Conclusions.....	39
Age.....	39
Overdeepening of Timiskaming trench.....	40
Topographic history.....	41
